Scientific services, namely, scientific research in the field of computer, including computer software rental; rental of computer software and programs; computer software design; software design and development; updating of computer software; developing and updating computer software; rental of application software; software authoring; computer software development; computer software consultancy; software development in the framework of software publishing; maintenance of computer software; maintenance of software for internet access; customizing computer software; developing computer software; software design and development; smartphone software design; installation of computer software; rental of software for internet access; research and development of computer software; debugging computer software for others; computer hardware and software design; design and development of computer hardware and software; advisory services relating to computer software; computer services, namely, providing on-line non-downloadable software for database management, data storage and backup, virtualization, networking, collaboration, remote access, remote support, cloud computing, data sharing, data security, access, administration and management of computer applications and computer hardware, computer application distribution, and for transmission of voice, data, images, audio, video, and information, and for content management, online project management, creating, offering, hosting, and delivering online conferences, meetings, demonstrations, tours, presentations and interactive discussions, word processing programs, operating system programs; data as a service (DaaS) services; data encryption services; data decryption services; data migration services; electronic data back-up services; cloud storage services for electronic data; cloud storage services for electronic files; consulting services in the field of cloud computing; computer services, namely, cloud hosting provider services; infrastructure as a service (IaaS) services, namely, hosting servers for use by others; platform-as-a-service (PaaS), infrastructure-as-a-service (IaaS) and software-as-a-service (SaaS) services featuring computer software platforms for creating web applications, data storage and backup, database management, virtualization, networking, collaboration, remote access, remote support, cloud computing, data sharing, data security, access, administration and management of computer applications and computer hardware, computer application distribution, and for transmission of voice, data, images, audio, video, and information, and for content management, online project management, creating, offering, hosting, and delivering online conferences, meetings, demonstrations, tours, presentations and interactive discussions; online non-downloadable software for computer operating systems; providing online non-downloadable computer programs for accessing global communication networks; online non-downloadable software for downloading, streaming, and playing music, audio, videos, multimedia content, podcasts, and internet radio broadcasts; update, installation and maintenance of computer software; computer services, namely, updating computer software for others via the internet and wireless networks; computer hardware and software testing services; design and development of computer software and software architecture in the field of machine learning, deep learning, and artificial intelligence solutions; software as a service (SaaS) featuring artificial intelligence, machine learning, and deep learning applications and computer software platforms; software as a service (SaaS) featuring software for executing deep learning, machine learning, hierarchical learning, artificial intelligence, automatic speech recognition, and natural language processing programs; providing a web site that gives users the ability to upload images; providing a web site featuring technology that enables online users to create personal profiles featuring social networking information; computer services, namely, creating virtual communities for registered users to participate in discussions and engage in social, business and community networking; application service provider (ASP), namely, hosting computer software

applications of others; application service provider (ASP) featuring software to enable or facilitate the uploading, downloading, streaming, posting, displaying, blogging, linking, sharing or otherwise providing electronic media or information over communication networks; software as a service (SaaS) services featuring software for sales management, customer service management, business operations management, financial and finance operations management, remote and field service operations management, project service automation management, marketing campaign planning and management, customer relationship management, enterprise resource management, sales and marketing information management, personnel and project management, facilities management, internet of things management, software development and customization, the analysis, warehousing, processing and management of data, big data management, security and authentication, social media management, peer-to-peer communications, email account management, word processing, and cloud computing for use with all of the foregoing; hosting the software, websites, and other computer applications of others on a virtual private server; intelligent natural language understanding services using cloud-based software technology; user authentication services using single sign-on technology for online software applications; providing temporary use of online, non-downloadable enterprise software for customer relationship management, enterprise risk management, security, data center, data warehousing, cloud, hosting, mobile application, artificial intelligence, machine learning, word processing, and multimedia functions; intelligent natural language understanding services using cloud-based software technology; cloud services, namely, providing on-line non-downloadable operating software for accessing and using a cloud computing network; cloud hosting provider services; providing virtual computer systems and virtual computer environments through cloud computing; providing cloud computing services, namely, cloud hosting provider services and cloud computing featuring software for uploading, downloading, integrating, encoding, decoding, formatting, organizing, caching, transferring and streaming of text; providing virtual computer systems, graphics processing units (GPUs), and virtual computer environments through cloud computing; providing information in the fields of the development of computer systems, cloud computing environments, networks and software over computer networks, wireless networks and global communications networks; computer services, namely, remote hosting of operating systems and computer applications for others on a virtual private server; rental of computing and data storage facilities of variable capacity; providing, developing, and designing on-line non-downloadable software accessible over a global computer network for managing computer applications; designing and developing electronically stored web pages for online services on the internet; data warehousing; elaboration and maintenance of web sites for third parties; managing web sites for others; rental of web servers; server hosting; rental of a database server to third parties; displaying the web sites and images of others on a computer server; computer services, namely, hosting and maintaining an on-line web site for others to collaboratively develop software; hosting an on-line community web site featuring a distributed control system for the collaborative development of software; platform as a service (PaaS) and software as a service (SaaS) services featuring computer software platforms for the collaborative development of software; design and development of networks and network software and applications; development of computer hardware and software; providing temporary use of on-line non-downloadable software development tools; troubleshooting of computer software problems; technical support services, namely, troubleshooting of computer hardware, software, web, database and mobile applications; computer services, namely, providing technical support, information and consultation services, namely, troubleshooting in the nature of diagnosing problems in computer hardware, computer software and computer operating systems; consulting in the field of information technology; consulting in the field of cloud computing networks and applications; development of software for secure network operations; design and development of computer game software; design and development of virtual reality software; design and development of computer hardware in the field of games, video games, and game content; platform as a service (PaaS) featuring computer software platforms for use in software development in the field of gaming and graphic design; providing temporary use of online non-downloadable software and software as a service (SaaS) services featuring software for broadcasting, transmitting, receiving, accessing, viewing, uploading, downloading, sharing, integrating, encoding, decoding, displaying, formatting, organizing, storing, caching, transferring and streaming of data, text, games, game content, digital media, images, music, audio, video and animations; providing temporary use of online non-downloadable software and software as a service (SaaS) services featuring software for purchasing and subscribing to digital media content; providing temporary use of online non-downloadable software and software as a service (SaaS) services featuring software for developing and publishing applications for interactive streaming; providing temporary use of online non-downloadable software and software as a service (SaaS) services featuring software for television (tv) programming; providing temporary use of online non-downloadable software and software as a service (SaaS) services featuring software for management and storage of digital media; providing temporary use of online non-downloadable software and software as a service (SaaS) services featuring software for parental control for enabling access to games, namely, electronic, computer, and video games; computer software consulting services in the field of gaming technology and graphics software; consulting services in the field of software as a service (SaaS); computer software development in the field of mobile applications; platform as a service (PaaS) featuring computer software platforms for gaming and graphic design; online non-downloadable computer software for use in providing retail and ordering services for a wide variety of consumer goods; providing customized computer searching services, namely, searching and retrieving information at the user's specific request via the internet; providing temporary use of non-downloadable software for mapping and directions, language translation, and accessing information related to entertainment, travel, finance, news, sports, weather, food and drink, and health and fitness consisting mainly of links to other websites; providing internet search engine services; providing a website featuring a media aggregator and search engine for internet content; providing customized on-line web pages featuring user-defined information, which includes search engines and on-line web links to other web sites; providing temporary use of non-downloadable computer software applications for business related news and information; providing temporary use of non-downloadable computer software applications for non-business related news and information that mainly consists of links to other websites in the fields of entertainment, travel, finance, news, sports, weather, food and drink, maps, language translation, and health and fitness; computer services, namely, providing specific information as requested by customers via the internet; computer network design and computer software design in the field of the telecommunications industry; non-downloadable software for wireless network management; design, development, and implementation of software in the field of white space telecommunications and internet connectivity; research, development, design and upgrading of computer software; research services in the field of white space telecommunications and internet connectivity; design, deployment and management of wireless internet computer networks for others; computer services, namely, hosting and maintaining an on-line web site for others for educational purposes in the fields of reading, writing, science, technology, engineering and math for use by teachers and students; testing, analysis, and evaluation of the knowledge, skills and abilities of others for purposes of credentialing in the field of in the field of computers, software development, artificial intelligence, security and information technology, cloud solutions, and electronic business transactions via a global computer network; research services in the field of information and telecommunications technology; development, maintenance, and updating of a telecommunication network search engine; telecommunications technology consultancy; research in the field of telecommunications technology; computer programming services to create online facilities that will provide telecommunications support; technological research of computer software and hardware; research and development of advanced learning technologies and teaching methods for developing artificial intelligence and machine learning capacities; product research and development; research and development of computer software; scientific research on the topics of the advancement of artificial intelligence, computing technology, human interactions with technology and digital security, data mining and management, accountability and personal responsibility; updating of computer software relating to computer security and prevention of computer risks; providing information in the fields of technology and software development via an on-line website; providing temporary use of non-downloadable computer anti-virus software;

application service provider featuring application programming interface (API) software; electronic storage of cryptocurrency for others; providing technology information in the field of cryptocurrency; providing on-line non-downloadable software for generating cryptographic keys for receiving and spending cryptocurrency; providing temporary use of non-downloadable web-based decentralized applications (DApps) for block chain contracts, cloud storage of data, web browsing, and cryptocurrency trading; computer security services in the nature of administering digital certificates; computer security services in the nature of administering digital keys; providing temporary use of on-line non-downloadable software development tools; application service provider, namely, hosting, managing, developing, analyzing, and maintaining applications, software, and web sites, of others in the fields of advertising and marketing; online non-downloadable computer software for security information and event management (SIEM) employing artificial intelligence and machine learning to enable automated responses in real time to security vulnerabilities, threats, and events; artificial intelligence (AI) processing online non-downloadable software; computer diagnostic services; computer programming services; computer consultancy and technical support, all relating to the design and use of computer programs, computers, computer hardware and computer systems; providing temporary use of on-line non-downloadable software for instant messaging, enabling and managing multiple modes of communication over local area networks and the Internet via instant messaging, voice over internet protocol (VoIP), video conferencing, audio conferencing, computer desktop sharing, file transfer, sensing and providing user presence information, and telephony; computer software consultancy which provides technical information; hosting of digital content on the Internet; consulting services in the field of software as a service (SaaS); computer software rental; platform as a service (PaaS) featuring computer software platforms which enable multiple users to post messages and memoranda, instant message, share files and synchronize calendars; online non-downloadable software for microprocessors; online non-downloadable software development kits (SDK); developing software for recommending, accessing, reading, monitoring, searching, sharing, aggregating, organizing and presenting news and other audio-visual content from various online and offline sources; providing online facilities that give users the ability to modify and share audio- video content and data; software programming and maintenance; data encryption, storage, design and development; software as a service (SaaS) services; platform as a service (PaaS) services; software as a service (SaaS) services featuring non-downloadable software for use in connection with buying, selling, sharing, searching, downloading, customizing, integrating and reviewing information, data, images, and digital files; platform as a service (PaaS) services featuring non-downloadable computer software platforms for use in connection with buying, selling, sharing, searching, downloading, customizing, integrating and reviewing information, data, images, and digital files; software as a service (SaaS) services featuring non-downloadable computer software used for user data capture, storage and analysis; platform as a service (PaaS) featuring non-downloadable computer software platforms used for user data capture, storage and analysis; software as a service (SaaS) services featuring non-downloadable computer software allowing users to perform electronic business transactions via a global computer network; platform as a service (PaaS) services featuring non-downloadable computer software platforms allowing users to perform electronic business transactions via a global computer network; software as a service (SaaS) services featuring non-downloadable computer software used for generating coupon codes, payment processing, payment fraud detection, and creating, using and managing virtual currency; platform as a service (PaaS) services featuring computer software platforms used for generating coupon codes, payment processing, payment fraud detection, and creating, using and managing virtual currency; providing a website featuring information in the field of transactions involving information, data, images and digital files; providing a website featuring technology that enables users access to and information about transactions involving information, data, images, and digital files; providing non-downloadable software in the fields of business networking and marketing, employment, advertising, marketing and promotion; providing non-downloadable software enabling users to search, locate and communicate with others via electronic communications networks, for social networking, for conducting polls and surveys, and for tracking online references to businesses, organizations and business topics; computer services, namely, creating an online community for users to participate in discussions and get feedback from peers; internet based introduction and business and professional networking services; providing on-line computer databases and on-line searchable databases in the fields of business and professional networking; social networking and introduction services; providing temporary use of on-line non-downloadable software for instant messaging, enabling and managing multiple modes of communication over local area networks and the Internet via instant messaging, voice over internet protocol (VoIP), video conferencing, audio conferencing, computer desktop sharing, file transfer, sensing and providing user presence information, and telephony; computer software consultancy which provides technical information; hosting of digital content on the Internet; consulting services in the field of software as a service (SaaS); computer software rental; platform as a service (PaaS) featuring computer software platforms which enable multiple users to post messages and memoranda, instant message, share files and synchronize calendars; Software as a Service (SaaS), namely software for connecting to the cloud to allow for collaboration among users across other software applications; Software as a Service (SaaS), namely software for integrating artificial intelligence and intelligent agents into other software; Software as a Service (SaaS), namely software for allowing real time updates to software applications accessible by multiple parties; Software as a Service (SaaS), namely software for enabling interconnectivity between other software applications and platforms; Software as a Service (SaaS), namely software for transmitting, receiving, accessing, viewing, uploading, downloading, sharing, integrating, encoding, decoding, displaying, formatting, organizing, storing, caching, transferring and streaming of data, text, digital media, images, music, audio, video, movies and animations between multiple users; online computer services, namely, online scanning, detecting, managing and authenticating security and log in credentials for users of mobile digital electronic devices and computing devices; software as a service (SaaS) services featuring security software, user authentication software, password and log in management and protection software; software as a service (SaaS) services; platform as a service (PaaS) services; software as a service (SaaS) services featuring non-downloadable software for use in connection with developing video analytics applications; platform as a service (PaaS) services featuring non-downloadable computer software platforms for use in connection with developing video analytics applications; software as a service (SaaS) services featuring non-downloadable computer software used for data and video capture, storage and analysis; platform as a service (PaaS) featuring non-downloadable computer software platforms used for data and video capture, storage and analysis; providing a website featuring information in the field of development of video analytics software; providing a website featuring technology that enables users access to and information about video analytics software; software as a service (SaaS) services for software development; platform as a service (PaaS) services for software development; Scientific services, namely, scientific research in the field of artificial intelligence, deep learning, model development, and product research and design related thereto; design and development of computer software; providing temporary use of online non-downloadable computer software tools for software development; providing temporary use of online non-downloadable computer software for artificial intelligence processing and deep learning; providing temporary use of online non-downloadable computer software, namely, computer software for implementing a computer programming language, computer software development tools, and computer software libraries for use in general purpose computation, manipulation of collections of data, data transformation, communications, graphics display, acceleration of model development, modelling and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; providing temporary use of online non-downloadable computer software and software development tools for use in the fields of high performance computing, distributed computing, distributed training with mixed precision, model and pipeline parallelism, redundancy optimization, memory and bandwidth optimization, computational kernel optimization, sparse attention kernels, communication compression, training optimization, training agnostic check pointing, advanced parameter searching, data loading, performance analysis and debugging, and machine learning; software as a service (SaaS) services featuring software for interfacing with deep learning computational frameworks; Platform-as-a-service (PaaS), infrastructure-as-a-service (IaaS), software-as-a-service (SaaS) services, and

mobile-backend-as-a-service (MBaaS) featuring computer software platforms for deploying virtual machines to a cloud computing platform, diagnostics and analysis, syncing, storing, and archiving data, analyzing data, database design and development, creating web applications, data storage, data storage, and archiving and backup of data, electronic media, and digital content; computer services, namely, creating cloud-based indexes of information; consulting services in the field of cloud computing technology, infrastructure-as-a-service (IaaS) cloud computing technology, software-as-a-service (SaaS) cloud computing technology, platform-as-a-service (PaaS), and mobile-backend-as-a-service (MBaaS) cloud computing technology; computer and information technology consultancy services; platform-as-a-service (PaaS) services; software-as-a-service (SaaS) services.

Scientific services, namely, scientific research in the field of computer, including computer software rental; rental of computer software and programs; computer software design; software design and development; updating of computer software; developing and updating computer software; rental of application software; software authoring; computer software development; computer software consultancy; software development in the framework of software publishing; maintenance of computer software; maintenance of software for internet access; customizing computer software; developing computer software; software design and development; smartphone software design; installation of computer software; rental of software for internet access; research and development of computer software; debugging computer software for others; computer hardware and software design; design and development of computer hardware and software; advisory services relating to computer software; computer services, namely, providing on-line non-downloadable software for database management, data storage and backup, virtualization, networking, collaboration, remote access, remote support, cloud computing, data sharing, data security, access, administration and management of computer applications and computer hardware, computer application distribution, and for transmission of voice, data, images, audio, video, and information, and for content management, online project management, creating, offering, hosting, and delivering online conferences, meetings, demonstrations, tours, presentations and interactive discussions, word processing programs, operating system programs; data as a service (DaaS) services; data encryption services; data decryption services; data migration services; electronic data back-up services; cloud storage services for electronic data; cloud storage services for electronic files; consulting services in the field of cloud computing; computer services, namely, cloud hosting provider services; infrastructure as a service (IaaS) services, namely, hosting servers for use by others; platform-as-a-service (PaaS), infrastructure-as-a-service (IaaS) and software-as-a-service (SaaS) services featuring computer software platforms for creating web applications, data storage and backup, database management, virtualization, networking, collaboration, remote access, remote support, cloud computing, data sharing, data security, access, administration and management of computer applications and computer hardware, computer application distribution, and for transmission of voice, data, images, audio, video, and information, and for content management, online project management, creating, offering, hosting, and delivering online conferences, meetings, demonstrations, tours, presentations and interactive discussions; online non-downloadable software for computer operating systems; providing online non-downloadable computer programs for accessing global communication networks; online non-downloadable software for downloading, streaming, and playing music, audio, videos, multimedia content, podcasts, and internet radio broadcasts; update, installation and maintenance of computer software; computer services, namely, updating computer software for others via the internet and wireless networks; computer hardware and software testing services; design and development of computer software and software architecture in the field of machine learning, deep learning, and artificial intelligence solutions; software as a service (SaaS) featuring artificial intelligence, machine learning, and deep learning applications and computer software platforms; software as a service (SaaS) featuring software for executing deep learning, machine learning, hierarchical learning, artificial intelligence, automatic speech recognition, and natural language processing programs; providing a web site that gives users the ability to upload images; providing a web site featuring technology that enables online users to create personal profiles featuring social networking information; computer services, namely, creating virtual communities for registered users to participate in discussions and engage in social, business and community networking; application service provider (ASP), namely, hosting computer software applications of others; application service provider (ASP) featuring software to enable or facilitate the uploading, downloading, streaming, posting, displaying, blogging, linking, sharing or otherwise providing electronic media or information over communication networks; software as a service (SaaS) services featuring software for sales management, customer service management, business operations management, financial and finance operations management, remote and field service operations management, project service automation management, marketing campaign planning and management, customer relationship management, enterprise resource management, sales and

marketing information management, personnel and project management, facilities management, internet of things management, software development and customization, the analysis, warehousing, processing and management of data, big data management, security and authentication, social media management, peer-to-peer communications, email account management, word processing, and cloud computing for use with all of the foregoing; hosting the software, websites, and other computer applications of others on a virtual private server; intelligent natural language understanding services using cloud-based software technology; user authentication services using single sign-on technology for online software applications; providing temporary use of online, non-downloadable enterprise software for customer relationship management, enterprise risk management, security, data center, data warehousing, cloud, hosting, mobile application, artificial intelligence, machine learning, word processing, and multimedia functions; intelligent natural language understanding services using cloud-based software technology; cloud services, namely, providing on-line non-downloadable operating software for accessing and using a cloud computing network; cloud hosting provider services; providing virtual computer systems and virtual computer environments through cloud computing; providing cloud computing services, namely, cloud hosting provider services and cloud computing featuring software for uploading, downloading, integrating, encoding, decoding, formatting, organizing, caching, transferring and streaming of text; providing virtual computer systems, graphics processing units (GPUs), and virtual computer environments through cloud computing; providing information in the fields of the development of computer systems, cloud computing environments, networks and software over computer networks, wireless networks and global communications networks; computer services, namely, remote hosting of operating systems and computer applications for others on a virtual private server; rental of computing and data storage facilities of variable capacity; providing, developing, and designing on-line non-downloadable software accessible over a global computer network for managing computer applications; designing and developing electronically stored web pages for online services on the internet; data warehousing; elaboration and maintenance of web sites for third parties; managing web sites for others; rental of web servers; server hosting; rental of a database server to third parties; displaying the web sites and images of others on a computer server; computer services, namely, hosting and maintaining an on-line web site for others to collaboratively develop software; hosting an on-line community web site featuring a distributed control system for the collaborative development of software; platform as a service (PaaS) and software as a service (SaaS) services featuring computer software platforms for the collaborative development of software; design and development of networks and network software and applications; development of computer hardware and software; providing temporary use of on-line non-downloadable software development tools; troubleshooting of computer software problems; technical support services, namely, troubleshooting of computer hardware, software, web, database and mobile applications; computer services, namely, providing technical support, information and consultation services, namely, troubleshooting in the nature of diagnosing problems in computer hardware, computer software and computer operating systems; consulting in the field of information technology; consulting in the field of cloud computing networks and applications; development of software for secure network operations; design and development of computer game software; design and development of virtual reality software; design and development of computer hardware in the field of games, video games, and game content; platform as a service (PaaS) featuring computer software platforms for use in software development in the field of gaming and graphic design; providing temporary use of online non-downloadable software and software as a service (SaaS) services featuring software for broadcasting, transmitting, receiving, accessing, viewing, uploading, downloading, sharing, integrating, encoding, decoding, displaying, formatting, organizing, storing, caching, transferring and streaming of data, text, games, game content, digital media, images, music, audio, video and animations; providing temporary use of online non-downloadable software and software as a service (SaaS) services featuring software for purchasing and subscribing to digital media content; providing temporary use of online non-downloadable software and software as a service (SaaS) services featuring software for developing and publishing applications for interactive streaming; providing temporary use of online non-downloadable software and software as a service (SaaS) services featuring software for television (tv) programming; providing temporary use of online non-downloadable software and software as a service (SaaS) services featuring software for management and storage of digital media; providing temporary use of online non-downloadable software and software as a service (SaaS) services featuring software for parental control for enabling access to games, namely, electronic, computer, and video games; computer software consulting services in the field of gaming technology and graphics software; consulting services in the field of software as a service (SaaS); computer software development in the field of mobile applications; platform as a service (PaaS) featuring computer software platforms for gaming and graphic design; online non-downloadable computer software for use in providing retail and ordering services for a wide variety of consumer goods; providing customized computer searching services, namely, searching and retrieving information at the user's specific request via the internet; providing temporary use of non-downloadable software for mapping and directions, language translation, and accessing information related to entertainment, travel, finance, news, sports, weather, food and drink, and health and fitness consisting mainly of links to other websites; providing internet search engine services; providing a website featuring a media aggregator and search engine for internet content; providing customized on-line web pages featuring user-defined information, which includes search engines and on-line web links to other web sites; providing temporary use of non-downloadable computer software applications for business related news and information; providing temporary use of non-downloadable computer software applications for non-business related news and information that mainly consists of links to other websites in the fields of entertainment, travel, finance, news, sports, weather, food and drink, maps, language translation, and health and fitness; computer services, namely, providing specific information as requested by customers via the internet; computer network design and computer software design in the field of the telecommunications industry; non-downloadable software for wireless network management; design, development, and implementation of software in the field of white space telecommunications and internet connectivity; research, development, design and upgrading of computer software; research services in the field of white space telecommunications and internet connectivity; design, deployment and management of wireless internet computer networks for others; computer services, namely, hosting and maintaining an on-line web site for others for educational purposes in the fields of reading, writing, science, technology, engineering and math for use by teachers and students; testing, analysis, and evaluation of the knowledge, skills and abilities of others for purposes of credentialing in the field of in the field of computers, software development, artificial intelligence, security and information technology, cloud solutions, and electronic business transactions via a global computer network; research services in the field of information and telecommunications technology; development, maintenance, and updating of a telecommunication network search engine; telecommunications technology consultancy; research in the field of telecommunications technology; computer programming services to create online facilities that will provide telecommunications support; technological research of computer software and hardware; research and development of advanced learning technologies and teaching methods for developing artificial intelligence and machine learning capacities; product research and development; research and development of computer software; scientific research on the topics of the advancement of artificial intelligence, computing technology, human interactions with technology and digital security, data mining and management, accountability and personal responsibility; updating of computer software relating to computer security and prevention of computer risks; providing information in the fields of technology and software development via an on-line website; providing temporary use of non-downloadable computer anti-virus software; application service provider featuring application programming interface (API) software; electronic storage of cryptocurrency for others; providing technology information in the field of cryptocurrency; providing on-line non-downloadable software for generating cryptographic keys for receiving and spending cryptocurrency; providing temporary use of non-downloadable web-based decentralized applications (DApps) for block chain contracts, cloud storage of data, web browsing, and cryptocurrency trading; computer security services in the nature of administering digital certificates; computer security services in the nature of administering digital keys; providing temporary use of on-line non-

downloadable software development tools; application service provider, namely, hosting, managing, developing, analyzing, and maintaining applications, software, and web sites, of others in the fields of advertising and marketing; online non-downloadable computer software for security information and event management (SIEM) employing artificial intelligence and machine learning to enable automated responses in real time to security vulnerabilities, threats, and events; artificial intelligence (AI) processing online non-downloadable software; computer diagnostic services; computer programming services; computer consultancy and technical support, all relating to the design and use of computer programs, computers, computer hardware and computer systems; providing temporary use of on-line non-downloadable software for instant messaging, enabling and managing multiple modes of communication over local area networks and the Internet via instant messaging, voice over internet protocol (VoIP), video conferencing, audio conferencing, computer desktop sharing, file transfer, sensing and providing user presence information, and telephony; computer software consultancy which provides technical information; hosting of digital content on the Internet; consulting services in the field of software as a service (SaaS); computer software rental; platform as a service (PaaS) featuring computer software platforms which enable multiple users to post messages and memoranda, instant message, share files and synchronize calendars; online non-downloadable software for microprocessors; online non-downloadable software development kits (SDK); developing software for recommending, accessing, reading, monitoring, searching, sharing, aggregating, organizing and presenting news and other audio-visual content from various online and offline sources; providing online facilities that give users the ability to modify and share audio- video content and data; software programming and maintenance; data encryption, storage, design and development; software as a service (SaaS) services; platform as a service (PaaS) services; software as a service (SaaS) services featuring non-downloadable software for use in connection with buying, selling, sharing, searching, downloading, customizing, integrating and reviewing information, data, images, and digital files; platform as a service (PaaS) services featuring non-downloadable computer software platforms for use in connection with buying, selling, sharing, searching, downloading, customizing, integrating and reviewing information, data, images, and digital files; software as a service (SaaS) services featuring non-downloadable computer software used for user data capture, storage and analysis; platform as a service (PaaS) featuring non-downloadable computer software platforms used for user data capture, storage and analysis; software as a service (SaaS) services featuring non-downloadable computer software allowing users to perform electronic business transactions via a global computer network; platform as a service (PaaS) services featuring non-downloadable computer software platforms allowing users to perform electronic business transactions via a global computer network; software as a service (SaaS) services featuring non-downloadable computer software used for generating coupon codes, payment processing, payment fraud detection, and creating, using and managing virtual currency; platform as a service (PaaS) services featuring computer software platforms used for generating coupon codes, payment processing, payment fraud detection, and creating, using and managing virtual currency; providing a website featuring information in the field of transactions involving information, data, images and digital files; providing a website featuring technology that enables users access to and information about transactions involving information, data, images, and digital files; providing non-downloadable software in the fields of business networking and marketing, employment, advertising, marketing and promotion; providing non-downloadable software enabling users to search, locate and communicate with others via electronic communications networks, for social networking, for conducting polls and surveys, and for tracking online references to businesses, organizations and business topics; computer services, namely, creating an online community for users to participate in discussions and get feedback from peers; internet based introduction and business and professional networking services; providing on-line computer databases and on-line searchable databases in the fields of business and professional networking; social networking and introduction services; providing temporary use of on-line non-downloadable software for instant messaging, enabling and managing multiple modes of communication over local area networks and the Internet via instant messaging, voice over internet protocol (VoIP), video conferencing, audio conferencing, computer desktop sharing, file transfer, sensing and providing user presence information, and telephony; computer software consultancy which provides technical information; hosting of digital content on the Internet; consulting services in the field of software as a service (SaaS); computer software rental; platform as a service (PaaS) featuring computer software platforms which enable multiple users to post messages and memoranda, instant message, share files and synchronize calendars; Software as a Service (SaaS), namely software for connecting to the cloud to allow for collaboration among users across other software applications; Software as a Service (SaaS), namely software for integrating artificial intelligence and intelligent agents into other software; Software as a Service (SaaS), namely software for allowing real time updates to software applications accessible by multiple parties; Software as a Service (SaaS), namely software for enabling interconnectivity between other software applications and platforms; Software as a Service (SaaS), namely software for transmitting, receiving, accessing, viewing, uploading, downloading, sharing, integrating, encoding, decoding, displaying, formatting, organizing, storing, caching, transferring and streaming of data, text, digital media, images, music, audio, video, movies and animations between multiple users; online computer services, namely, online scanning, detecting, managing and authenticating security and log in credentials for users of mobile digital electronic devices and computing devices; software as a service (SaaS) services featuring security software, user authentication software, password and log in management and protection software; software as a service (SaaS) services; platform as a service (PaaS) services; software as a service (SaaS) services featuring non-downloadable software for use in connection with developing video analytics applications; platform as a service (PaaS) services featuring non-downloadable computer software platforms for use in connection with developing video analytics applications; software as a service (SaaS) services featuring non-downloadable computer software used for data and video capture, storage and analysis; platform as a service (PaaS) featuring non-downloadable computer software platforms used for data and video capture, storage and analysis; providing a website featuring information in the field of development of video analytics software; providing a website featuring technology that enables users access to and information about video analytics software; software as a service (SaaS) services for software development; platform as a service (PaaS) services for software development; Scientific services, namely, scientific research in the field of artificial intelligence, deep learning, model development, and product research and design related thereto; design and development of computer software; providing temporary use of online non-downloadable computer software tools for software development; providing temporary use of online non-downloadable computer software for artificial intelligence processing and deep learning; providing temporary use of online non-downloadable computer software, namely, computer software for implementing a computer programming language, computer software development tools, and computer software libraries for use in general purpose computation, manipulation of collections of data, data transformation, communications, graphics display, acceleration of model development, modelling and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; providing temporary use of online non-downloadable computer software and software development tools for use in the fields of high performance computing, distributed computing, distributed training with mixed precision, model and pipeline parallelism, redundancy optimization, memory and bandwidth optimization, computational kernel optimization, sparse attention kernels, communication compression, training optimization, training agnostic check pointing, advanced parameter searching, data loading, performance analysis and debugging, and machine learning; software as a service (SaaS) services featuring software for interfacing with deep learning computational frameworks; Platform-as-a-service (PaaS), infrastructure-as-a-service (IaaS), software-as-a-service (SaaS) services, and mobile-backend-as-a-service (MBaaS) featuring computer software platforms for deploying virtual machines to a cloud computing platform, diagnostics and analysis, syncing, storing, and archiving data, analyzing data, database design and development, creating web applications, data storage, data storage, and archiving and backup of data, electronic media, and digital content; computer services, namely, creating cloud-based indexes of information; consulting services in the field of cloud computing technology, infrastructure-as-a-service (IaaS) cloud computing technology, software-as-a-service (SaaS) cloud computing technology, platform-as-a-service (PaaS), and mobile-backend-as-a-service (MBaaS) cloud

computing technology; computer and information technology consultancy services; platform-as-a-service (PaaS) services; software-as-a-service (SaaS) services.

Cl.9;Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; coin-operated mechanisms; cash registers, calculating machines, data processing equipment, computers; computer software; fire extinguishers; recorded content; databases; media content; software; application software; communication, networking and social networking software; software for data and file management, database software; media and publishing software; office and business applications; artificial intelligence and machine learning software; software for monitoring, analysing, controlling and running physical world operations; system and system support software, and firmware; firmware and device drivers; operating systems; utility, security and cryptography software; virtual and augmented reality software; web application and server software; content management software; e-commerce and e-payment software; information technology and audio-visual, multimedia and photographic devices; communications equipment; computer networking and data communications equipment; point-to-point communications equipment; broadcasting equipment; antennas and aerials as communications apparatus; data storage devices and media; replicating apparatus; photocopiers; image scanners; printers; data processing equipment and accessories (electrical and mechanical); peripherals adapted for use with computers and other smart devices limited to the field of cabin electronic products for aircraft, in particular in-seat power systems, connectivity server systems and video surveillance systems; computers and computer hardware; computer components and parts; audio/visual and photographic devices; audio devices and radio receivers; display devices, television receivers and film and video devices; image capturing and developing devices; signal cables for IT, AV and telecommunication; magnetising and demagnetising apparatus; scientific and laboratory devices for treatment using electricity; apparatus, instruments and cables for electricity; apparatus and instruments for accumulating and storing electricity; apparatus and instruments for controlling electricity; photovoltaic apparatus for generating electricity; electrical and electronic components; electric cables and wires; electrical circuits and circuit boards; antennas and aerials as components; optical devices, enhancers and correctors; optical enhancers; lasers; safety, security, protection and signalling devices; alarms, access control devices; signalling apparatus; protective and safety equipment; apparatus for navigation, orientation aparatus, monitoring apparatus, checking (supervision) apparatus; testing and quality control devices; measuring devices; time measuring instruments (not including clocks and watches); weight measuring instruments; distance and dimension measuring instruments; speed measuring instruments; temperature measuring instruments; electricity measuring instruments; controllers and regulators; data loggers and recorders; sensors; detectors; monitoring instruments; scientific research and laboratory apparatus, educational apparatus and simulators; 360-degree cameras; 360 degree video cameras; 3D animation software; 3D computer graphics software; 3D television receivers; navigation software; navigational instruments; navigating apparatus (electronic -); portable navigation devices; electric navigational instruments; navigation apparatus and instruments; navigation apparatus for vehicles [on-board computers]; software for gps navigation systems; multimedia navigation systems for vehicles; electronic navigational and positioning apparatus and instruments; vehicle navigation systems featuring interactive displays; interactive computer software that provides navigational and travel information; computer programs for use in the autonomous navigation of vehicles; electronic tracking apparatus and instruments; computer hardware for tracking driver and flight behaviour; computer software for tracking driver and flight behaviour; surveying software; photographic surveying instruments; magnetic compasses for surveying; base plates for surveying purposes; transits [for surveying]; computer database servers; database engines; databases (electronic); interactive databases; database server software; interactive database software; computer software for database management; database synchronization software; machine readable computer programs for data management; computer software for the application of database integration; computer software for authorising access to data bases; computer software for creating searchable databases of information and data; computer programs for accessing, browsing and searching online databases; sensory software; in-flight testing equipment; software platforms to allow users to collect money; computer-aided engineering [CAE] software; seat controls; active matrix displays; electric sensors; ultrasound sensors; photoelectric sensors; optical fibre sensors; sensors for measuring depth; touchscreen sensors; sensor controllers; sensors for measuring instruments; sensors for monitoring physical movements, sensors for determining position; sensors, detectors and monitoring instruments; sensors for detecting the opening and closing of doors and windows; cameras [photography]; digital cameras, surveillance cameras; monitoring units [electric]; checking (supervision) apparatus and instruments; none of the aforementioned, for use in the following fields: medical imaging, breast health, cytology.

Cl.11;Lighting and lighting reflectors; vehicle lighting and lighting reflectors; heating, ventilating, and air conditioning and purification equipment (ambient), none of the aforesaid goods, for use in the following fields: household, kitchen; lighting installations, lighting apparatus, lighting apparatus, luminaires; fibreoptic lighting installations; light modules and

lights with light emitting diodes being lighting; light sources containing light-emitting diodes (not included in the other classes); suspension devices for lamps; flues and installations for conveying exhaust gases; sanitary installations, water supply and sanitation equipment; water purification, desalination and conditioning installations; sterilization, disinfection and decontamination equipment; vehicle lighting and lighting reflectors, including lighting and lighting reflectors for air and space vehicles; fireplaces; industrial treatment installations; ventilating apparatus and installations, air-conditioning apparatus and installations, air purifying apparatus and installations; not for household or kitchen use; air treatment equipment, none of the aforesaid goods, for use in the following fields: household, kitchen; hvac systems (heating, ventilation and air conditioning); heaters for vehicles, ventilation installations for vehicles, air conditioners for vehicles, including heating, ventilation and air conditioning installations for air and space vehicles; igniters.

Cl.12;Vehicles; Apparatus for locomotion by land, air or water; Parts and fittings for air and space vehicles, parts for land, Land vehicle accessories, parts for watercraft, Accessories for watercraft; Anti-theft, security and safety devices and equipment for vehicles; Airplane seats, Structural parts and fittings for the aforesaid goods; Vehicles and conveyances; Land vehicles and conveyances; Rail vehicles; Air and space vehicles; Parts and fittings for vehicles; Parts and fittings for air and space vehicles; Parts and fittings for water vehicles; Parts and fittings for land vehicles; Powertrains, including engines and motors, for land vehicles; All the aforesaid goods other than bicycles, bicycle parts and fittings including frames, forks and shock absorbers for bicycles.

Cl.35;Advertising; business management; business administration; office functions; organisational consultancy in the field of using information technology and the development of data processing organisation; business consultancy, in particular development of operational organisational structures for compilation and processing of data for technical and professional business processes; provision of information, in relation to the following fields: businesses, corporate communications services, via computer networks, via global communication networks; business management and consultancy offered via global communication networks; computerized file management; managing databases; trade show and commercial exhibition services; loyalty, incentive and bonus program services; distribution of advertising, marketing and promotional material; advertising, marketing and promotional consultancy, advisory and assistance services; provision and rental of advertising space, time and media; commercial business assistance and consumer information; business assistance, management and administrative services; accountancy, book keeping and auditing; administrative support and data processing services; data processing, systematisation and management; human resources management and recruitment services; business consultancy and advisory services; business analysis and information services, and market research; rental of office machines and equipment; database marketing; advertising services relating to data bases; advertising services provided via a data base; compilation and systemisation of information, compilation and systemization of databases; compilation and systemization of information into computer databases; compilation and input of information into computer databases; updating and maintenance of data in computer databases; data entry and data processing; data processing; subscriptions to telecommunications database services limited to the field of cabin electronic products for aircraft, in particular in-seat power systems, connectivity server systems and video surveillance systems; provision of commercial information from online databases; provision of information relating to data processing; providing consumer product advice relating to software; marketing in the framework of software publishing; providing consumer product information relating to software; maintenance of databases.

Cl.36;Insurance underwriting; real estate services; financial, monetary and banking services; investment services; financial transfers and transactions, and payment services; financial information, data, advice and consultancy services; financing and funding services.

Cl.37;Repair of vehicles and apparatus for locomotion by land, air or water, scientific, nautical,surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking(supervision), life-saving and teaching apparatus and instruments, apparatus and instruments forconducting, switching, transforming, accumulating, regulating or controlling electricity, apparatusfor recording, transmission or reproduction of sound or images, magnetic data carriers, recordingdiscs, compact discs, DVDs and other digital data carriers, mechanisms for coin-operated apparatus, cash registers, calculating machines, data processing equipment and computers and fire-extinguishing apparatus; building, construction and demolition; shipbuilding, aircraft construction; alarm, lock and safe installation, maintenance and repair; HVAC (heating, ventilation and air conditioning) installation, maintenance and repair; repair and maintenance of aircraft and parts of aircraft; vehicle repair, maintenance, refueling and recharging; plumbing installation, maintenance and repair; furniture maintenance and repair; lift and elevator installation, maintenance and repair; installation of apparatus for ventilating; installation of apparatus for air-conditioning; installation of cellular communications systems; installing of telecommunicationsnetworks; installation of cellular paging systems; installation of radios; installation of radiotelephone equipment; installation of computers; installation of data network apparatus; servicesfor the installation of alarms; electric appliance installation; installation of access system controls;installation of communication equipment; installation of environmental control systems; installation of computer hardware; installation of lighting apparatus; electric appliance installation and repair.

Cl.38;Telecommunication services; broadcasting services; telephone and mobile telephone services; computer communication and internet access; provision of access to content, websites and portals; provision and rental of telecommunications facilities and equipment; providing access to databases; data bank interconnection services; communication services between data banks; providing telecommunications connections to databases; transmission of database information via telecommunications networks; communications services for accessing a database; rental of access time to a database server; telecommunications services to obtain information from data banks; arranging access to databases on the internet; providing access to databases in computer networks; providing telecommunications connections to the internet or databases; transmission and reception [transmission] of database information via the telecommunication network; providing telecommunications connections to a global computer network or databases; electronic exchange of data and databases accessible via telecommunication networks; provision of telecommunication access and links to computer databases and to the internet; none of the aforesaid services in connection with apparatus for cooking, heating, refrigeration or preservation of food and beverages.

Cl.41;Publishing, reporting, and writing of texts; education, entertainment and sport services; organisation of conferences, exhibitions and competitions; providing of training and further training; audio, video and multimedia production, and photography; sports and fitness services; education and instruction services; rental services relating to equipment and facilities for education, entertainment, sports and culture; training services provided via simulators; live performance services; translation and interpretation; events for educational and/or entertainment purposes, sports events, sporting activities; training in the use of optical sensors.

Cl.42;Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; repair of computer software; software development, programming and implementation; computer hardware development; hosting services, software as a service, and rental of software; rental of computer hardware and facilities; IT consultancy, advisory and information services; engineering services; surveying and exploration services; natural science services; Earth science services; testing, authentication and quality control; design services; development of databases; installation of database software; programming of software for database management; rental of database management software; updating of

software databases; design of computer databases; development of computer database software; design of computer database software; rental of a database server (to third parties); installation and maintenance of database software; development and maintenance of computer database software; reconstruction of database systems for others; design and development of software for database management; electronic storage services for archiving databases; scientific research conducted using databases; installation, maintenance and updating of database software; design and development of computer database software; design and development of computer database programs; design and development of electronic database software; design and development of electronic language translation dictionaries and databases; development, updating and maintenance of software and database systems; consultancy relating to the design and development of computer database programs; providing on-line non-downloadable software for database management; leasing of computer software for reading a database of price quotes; providing scientific research information and results from an online searchable database; electronic storage services for archiving databases, images and other electronic data; providing temporary use of on-line non-downloadable software for database management; platform as a service [PaaS] featuring software platforms for transmission of images, audio-visual content, video content and messages; consultancy relating to the design of packaging; monitoring of network systems; installation of communications software; installation of databases; none of the aforesaid services in connection with apparatus for cooking, heating, refrigeration or preservation of food and beverages.

IR DIVISION

Cl.1; Diagnostic reagents for clinical or medical laboratory scientific or research use, and not for medical purposes; assays and reagents for use in biologic and medical research; diagnostic reagents for scientific or research use; reagents and reagent kits comprised primarily of amino acids, naturally occurring or modified proteins, affinity reagents, enzymes, chemical or nano-particle labels, and chemical buffers, all for the purpose of preparing, detecting, sequencing, quantifying and analyzing proteins and other biological molecules, samples of biological molecules, proteins, proteomes, protein sequence variants and modifications, regulation, translation, and expression in the fields of scientific, diagnostic and clinical research; chemical standards solutions used in DNA, RNA and protein analysis, chemicals used in protein analysis systems; DNA labeling reagents; DNA hybridization buffers solutions.

Cl.5; Reagents for medical use; clinical medical reagents; medical diagnostic reagents and assays for testing bodily fluids; diagnostic biomarker reagents for medical purposes; medical diagnostic reagents and assays for testing cells, bodily fluids and tissue for disease detection, monitoring and prognosis.

Cl.42; Scientific research; medical research; Protein screening for scientific research purposes; cloud hosting provider services for storing, analyzing and sharing biological information; providing an online network service, namely, maintaining and hosting a website that enables users to store, analyze and share data in the field of life sciences; technical support services, namely, infrastructure management services for monitoring, administration and management of cloud computing IT and application systems in the field of life sciences; design and development of laboratory apparatus and instruments and computer systems for use in analysis of biomolecules; installation and maintenance of computer software and computerized databases used in the field of analysis of biomolecules; consultancy, information and advisory services in the field of analysis of biomolecules; product development, namely, developing equipment for use in preparing, detecting, sequencing, quantifying and analyzing proteins and other biological molecules, and automated laboratory equipment and systems, and computer systems for collecting, storing, analyzing and reporting biological information, and for sample tracking and managing projects, laboratory workflow and data to the order and specification of others, all the foregoing in the fields of scientific and clinical research.

Cl.44; Medical testing for diagnostic or treatment purposes.

Registration of this trade mark shall give no right to the exclusive use of the terms separately and mark shall be used as whole..

Cl.9;Electronic game programs; downloadable electronic game programs; video game programs; downloadable video game programs; video game cartridges; memory cards for video game machines; protective films adapted for smartphones; cases for smartphones; covers for smartphones; computer game software, recorded; computer game software, downloadable; computer programs, recorded; computer programs, downloadable; computer peripheral devices; compact discs [audio-video]; downloadable image files; downloadable music files; electronic publications, downloadable; headphones; earphones; headsets; batteries, electric; battery chargers; eyeglasses; sunglasses; game programs for arcade video game machines; chargers for electric accumulators; batteries for mobile telephones; protective helmets for sports.

Cl.14;Key rings [split rings with trinket or decorative fob]; key chains [split rings with trinket or decorative fob]; charms for key rings; jewelry boxes; coins; jewelry; necklaces [jewelry]; bracelets [jewelry]; jewelry charms; earrings; tie pins; rings [jewelry]; medals; ornamental pins; shoe jewelry; watches; clocks; watch bands; precious metals; works of art of precious metal; commemorative coins.

Cl.16;Office requisites, except furniture; wrapping paper; bags [envelopes, pouches] of paper or plastics, for packaging; place mats of paper; coasters of paper; table napkins of paper; tablecloths of paper; paper; stationery; note books; pen cases; paint boxes for use in schools; writing instruments; pencil sharpeners, electric or non-electric; cards; greeting cards; stickers [stationery]; printed matter; books; comic books; posters; pictures; photograph stands; party ornaments of paper; sewing patterns; stencils; tailors" chalk; trading cards, other than for games; passport holders; bookends.

Cl.18;Clothing for pets; collars for animals; bags; school bags; rucksacks; suitcases; card cases [notecases]; purses; wallets; key cases; luggage tags; garment bags for travel; bags for sports; vanity cases, not fitted; umbrellas; leather straps; canes.

Cl.20;Nesting boxes; pillows; cushions; mattresses; packaging containers of plastic; fans for personal use, non-electric; dog kennels; pet cushions; beds for household pets; furniture; chests for toys; inflatable publicity objects; cradles; infant walkers; camping mattresses; picture frames; statues of wood, wax, plaster or plastic; nameplates, not of metal; wind chimes [decoration]; hand-held mirrors [toilet mirrors]; works of art of wood, wax, plaster or plastic.

Cl.21;Floss for dental purposes; brushes; combs; toothbrushes; toilet cases; cosmetic utensils; containers for household or kitchen use; utensils for household purposes; kitchen utensils; mugs; cups; dishes; paper plates; cookie jars; lunch boxes; drinking bottles for sports; drinking straws; coasters, not of paper or textile; place mats, not of paper or textile; tablemats, not of paper or textile; trays for household purposes; dustbins; coin banks; soap holders; dishes for soap; flower pots; watering cans; soap dispensers; shoe horns.

Cl.24;Fabrics for textile use; adhesive fabric for application by heat; towels of textile; handkerchiefs of textile; quilts; children"s blankets; bed blankets; picnic blankets; blanket throws; travelling rugs [lap robes]; lap blankets; covers for cushions; pillowcases; bed linen; tablemats of textile; table napkins of textile; place mats of textile; coasters of textile; flags of textile or plastic; banners of textile or plastic; blankets for household pets; wall hangings of textile; loose covers for furniture; bed covers; curtains of textile or plastic; household linen; sleeping bags; textile material; knitted fabric.

Cl.25;Clothing; shirts; tee-shirts; pajamas; underwear; bathing suits; socks; scarves; ear muffs [clothing]; gloves [clothing]; bibs, not of paper; hats; caps being headwear; cap peaks; belts [clothing]; footwear; sports shoes; sandals; slippers; masquerade costumes; sleep masks.

Cl.28;Games; toys; stuffed toys; dolls; portable games with liquid crystal displays; protective films adapted for screens for portable games; video game machines; controllers for game consoles; hand-held consoles for playing video games; apparatus for games; arcade video game machines; board games; playing cards; ornaments for Christmas trees, except lights, candles and confectionery; protective carrying cases specially adapted for handheld video games; trading cards for games; trading card games; cases for trading cards for games; card games; joysticks for video games; toys for pets; portable games and toys incorporating telecommunication functions; sports equipment; puzzles; fishing tackle; butterfly nets.

Cl.30;Tea; tea-based beverages; coffee; coffee-based beverages; cocoa; cocoa-based beverages; confectionery; pastries; candies; ice cream; cookies; chocolate; popcorn; chewing gum; bread; sandwiches; pizzas; pies; cakes; frozen yogurt [confectionery ices]; crackers; mints for breath freshening; seasonings; ketchup [sauce]; dressings for salad; cereal preparations; cereal-based snack food; noodles; pasta; pasta sauce; rice.

Cl.41;Entertainment services; providing information in the field of entertainment; providing online electronic publications, not downloadable; providing online videos, not downloadable; providing online music, not downloadable; organization of shows [impresario services]; games equipment rental; toy rental; game services provided online from a computer network; organization of competitions [education or entertainment]; providing amusement arcade services; amusement park services; organization of electronic sports competitions; teaching; organization of games; conducting of entertainment events; organization of entertainment events; providing amusement facilities; rental of motion pictures; presentation of live performances.

ALTUS COATING

Registration of this trade mark shall give no right to the exclusive use of the term "Chess" separately and mark shall be used as whole..

Cl.9; **Ticket dispensers; 3D spectacles; DVD players; coin-operated musical automata [juke boxes]; fire engines; answering machines; electrical adapters; batteries for electronic cigarettes; accumulators, electric; accumulators, electric, for vehicles; accelerometers; actinometers; alidades; altimeters; ear pads for headphones; ammeters; nanoparticle size analyzers; anemometers; anodes; antennas; anticathodes; apertometers [optics]; high-frequency apparatus; testing apparatus not for medical purposes; remote control apparatus; electro-dynamic apparatus for the remote control of railway points; electro-dynamic apparatus for the remote control of signals; monitoring apparatus, other than for medical purposes; sound recording apparatus; Global Positioning System [GPS] apparatus; distillation apparatus for scientific purposes; diffraction apparatus [microscopy]; air analysis apparatus; apparatus to check franking; sound transmitting apparatus; apparatus for fermentation [laboratory apparatus]; breathing apparatus for underwater swimming; breathing apparatus, except for artificial respiration; apparatus and installations for the production of X-rays, not for medical purposes; cash registers; electric apparatus for commutation; magnetic resonance imaging [MRI] apparatus, not for medical purposes; intercommunication apparatus; stills for laboratory experiments; projection apparatus; fire extinguishing apparatus; radiological apparatus for industrial purposes; X-ray apparatus not for medical purposes; blueprint apparatus; flashing lights [luminous signals]; stereoscopic apparatus; telephone apparatus; facsimile machines; phototelegraphy apparatus; igniting apparatus, electric, for igniting at a distance; acid hydrometers; salinometers; acidimeters for batteries; aerometers; beacons, luminous; battery jars; automated teller machines [ATM]; barometers; anode batteries; galvanic batteries; batteries for lighting; solar batteries; solar panels for the production of electricity; batteries, electric; balances [steelyards]; betatrons; binoculars; biochips; electronic tags for goods; lens hoods; magnetic tape units for computers; computer memory devices; fire hose nozzles; encoded identification bracelets, magnetic; connected bracelets [measuring instruments]; safety tarpaulins; electronic key fobs being remote control apparatus; bullet-proof clothing; signalling buoys; life buoys; marking buoys; directional compasses; vacuum gauges; electrolysers; variometers; verniers; scales; baby scales; bathroom scales; letter scales; weighbridges; precision balances; scales with body mass analysers; levelling staffs [surveying instruments]; camcorders; video baby monitors; video cassettes; video projectors; video telephones; video screens; viewfinders, photographic; electric plugs; micrometer screws for optical instruments; viscosimeters; circuit closers; wavemeters; voltmeters; mechanical signs; signs, luminous; switchboxes [electricity]; current rectifiers; gas testing instruments; gasometers [measuring instruments]; galvanometers; hands-free kits for telephones; heliographic apparatus; hygrometers; hydrometers; weights; peepholes [magnifying lenses] for doors; hairdressing training heads [teaching apparatus]; holograms; plotters; loudspeakers; sounding leads; plumb bobs; range finders; parking sensors for vehicles; piezoelectric sensors; densimeters; densitometers; detectors; smoke detectors; infrared detectors; counterfeit [false] coin detectors; joysticks for use with computers, other than for video games; transparencies [photography]; diaphragms [photography]; dictating machines; dynamometers; light-emitting diodes [LED]; quantum dot light-emitting diodes [QLED]; organic light-emitting diodes [OLED]; floppy disks; sound recording discs; disks, magnetic; optical discs; circular slide rules; disk drives for computers; juke boxes for computers; wearable video display monitors; electronic numeric displays; DNA chips; electronic interactive whiteboards; electronic notice boards; electric wire harnesses for automobiles; bullet-proof waistcoats; life jackets; reflective safety vests; identification threads for electric wires; nose clips for divers and swimmers; padlocks, electronic; locks, electric; bells [warning devices]; alarm bells, electric; electric door bells; signal bells; audio interfaces; acoustic conduits; mirrors for inspecting work; road signs, luminous or mechanical; downloadable emoticons for mobile phones; marine depth finders; probes for scientific purposes; buzzers; needles for surveying compasses; needles for record players; eyewear; reflective articles for wear, for the prevention of accidents; measures; pressure measuring apparatus; simulators for the steering and control of vehicles; inverters [electricity]; pressure indicators; automatic indicators of low pressure in vehicle tires; temperature indicators; incubators for bacteria culture; measuring instruments; cosmographic instruments; mathematical instruments; levelling instruments; instruments containing eyepieces; surveying instruments; azimuth instruments; interfaces for computers; ionization apparatus not for the treatment of air or water; satellite finder meters; spark-guards; coaxial cables; fibre optic cables; cables, electric; calipers; slide calipers; screw-tapping gauges; calorimeters; calculating machines; pocket calculators; decompression chambers; rearview cameras for vehicles; cinematographic cameras; thermal imaging cameras; mouth guards for sports; life-saving capsules for natural disasters; electronic pens [visual display units]; holders for electric coils; biometric identity cards; identity cards, magnetic; video game cartridges; toner cartridges, unfilled, for printers and photocopiers; ink cartridges, unfilled, for printers and photocopiers; memory cards for video game machines; encoded magnetic cards; riding helmets; protective helmets; carriers for dark plates [photography];**

cathodes; spools [photography]; choking coils [impedance]; coils, electric; electromagnetic coils; cinematographic film, exposed; computer keyboards; solenoid valves [electromagnetic switches]; wire connectors [electricity]; thin client computers; downloadable cryptographic keys for receiving and spending cryptocurrency; encoded key cards; electronic book readers; electronic agendas; push buttons for bells; mouse pads; magnetic encoders; visors for helmets; collectors, electric; calibrating rings; smart rings; ring sizers; protective suits for aviators; commutators; compact discs [audio-video]; compact discs [read-only memory]; comparators; marine compasses; computers; laptop computers; tablet computers; notebook computers; wearable computers; condensers [capacitors]; contacts, electric; wind socks for indicating wind direction; traffic cones; branch boxes [electricity]; distribution boxes [electricity]; junction boxes [electricity]; connectors [electricity]; battery boxes; cabinets for loudspeakers; diving suits; downloadable e-wallets; galena crystals [detectors]; covers for electric outlets; logs [measuring instruments]; lasers, not for medical purposes; lactodensimeters; lactometers; vacuum tubes [radio]; darkroom lamps [photography]; thermionic tubes; flashlights [photography]; head cleaning tapes [recording]; magnetic tapes; videotapes; surveying chains; fire escapes; rulers [measuring instruments]; square rulers for measuring; slide-rules; contact lenses; correcting lenses [optics]; close-up lenses; optical lenses; optical condensers; sounding lines; electricity conduits; measuring spoons; magnifying glasses [optics]; thread counters; magnets; decorative magnets; crash test dummies; resuscitation mannequins [teaching apparatus]; mouse [computer peripheral]; trackballs [computer peripherals]; security tokens [encryption devices]; divers" masks; solderers" helmets; protective masks; respiratory masks, other than for artificial respiration; materials for electricity mains [wires, cables]; voting machines; money counting and sorting machines; material testing instruments and machines; furniture especially made for laboratories; megaphones; portable media players; diaphragms [acoustics]; diaphragms for scientific apparatus; metal detectors for industrial or military purposes; digital weather stations; metronomes; rules [measuring instruments]; carpenters" rules; dressmakers" measures; mechanisms for coin-operated apparatus; mechanisms for counter-operated apparatus; coin-operated mechanisms for television sets; shutter releases [photography]; micrometers; microprocessors; microscopes; microtomes; microphones; audio mixers; modems; lightning rods; monitors [computer hardware]; monitors [computer programs]; selfie sticks [hand-held monopods]; terminals [electricity]; junction sleeves for electric cables; teeth protectors; temperature indicator labels, not for medical purposes; knee-pads for workers; headphones; earpieces for remote communication; surveyors" levels; sound recording carriers; magnetic data media; optical data media; electronic sheet music, downloadable; computer software, recorded; sheaths for electric cables; identification sheaths for electric wires; weighing machines; computer hardware; punched card machines for offices; life saving apparatus and equipment; shoes for protection against accidents, irradiation and fire; objectives [lenses] [optics]; lenses for astrophotography; selfie lenses; egg-candlers; fire extinguishers; rescue laser signalling flares; electrified fences; limiters [electricity]; clothing for protection against accidents, irradiation and fire; clothing for protection against fire; asbestos clothing for protection against fire; clothing especially made for laboratories; survival blankets; ozonisers [ozonators]; octants; eyepieces; ohmmeters; wrist rests for use with computers; eyeglass frames; oscillographs; plumb lines; mirrors [optics]; eyeglasses; sunglasses; goggles for sports; electronic collars to train animals; finger sizers; signalling panels, luminous or mechanical; biometric passports; wah-wah pedals; radio pagers; pince-nez; electronic pocket translators; transmitters [telecommunication]; telephone transmitters; transmitters of electronic signals; switches, electric; periscopes; data gloves; gloves for divers; gloves for protection against accidents; gloves for protection against X-rays for industrial purposes; asbestos gloves for protection against accidents; furnaces for laboratory use; droppers for measuring, other than for medical or household purposes; laboratory pipettes; pyrometers; planimeters; plane tables [surveying instruments]; plates for batteries; computer software platforms, recorded or downloadable; wafers for integrated circuits; printed circuit boards; compact disc players; cassette players; protective films adapted for computer screens; protective films adapted for smartphones; sound recording strips; X-ray films, exposed; films, exposed; life-saving rafts; animal signalling rattles for directing livestock; laboratory trays; digital signs; stands adapted for laptops; semi-conductors; polarimeters; personal digital assistants [PDAs]; fire pumps; measuring glassware; weight belts for divers; life belts; fuses; circuit breakers; converters, electric; telerupters; food analysis apparatus; diagnostic apparatus, not for medical purposes; distance recording apparatus; distance measuring apparatus; speed measuring apparatus [photography]; appliances for measuring the thickness of leather; apparatus for measuring the thickness of skins; speed checking apparatus for vehicles; teaching apparatus; time recording apparatus; apparatus and instruments for astronomy; surveying apparatus and instruments; weighing apparatus and instruments; nautical apparatus and instruments; navigational instruments; optical apparatus and instruments; apparatus and instruments for physics; chemistry apparatus and instruments; measuring apparatus; measuring devices, electric; boiler control instruments; meteorological instruments; naval signalling apparatus; observation instruments; navigation apparatus for vehicles [on-board computers]; satellite navigational apparatus; regulating apparatus, electric; telecommunication apparatus in the form of jewellery; precision measuring apparatus; audio- and video-receivers; prisms [optics]; computer software applications, downloadable; ticket printers; printers for use with computers; hemline markers; retorts" stands; apparatus for changing record player needles; drainers for use in photography; cleaning apparatus for sound recording discs; fire beaters; sighting telescopes for firearms; telescopic sights for artillery; test tubes; pressure indicator plugs for valves; magnetic wires; telegraph wires; telephone wires; wires, electric; conductors, electric; copper wire, insulated; fuse wire; computer programs, recorded; computer game software, downloadable; computer game software, recorded; computer programs, downloadable; computer operating programs, recorded; computer screen saver software, recorded or downloadable; record players; processors [central processing units]; rods for water diviners; electronic publications, downloadable; distribution consoles [electricity]; control panels [electricity]; radar apparatus; baby monitors; masts for wireless aerials; transmitting sets [telecommunication]; radios; vehicle radios; sprinkler systems for fire protection; frames for photographic transparencies; screens for photoengraving; flowmeters; walkie-talkies; voltage surge protectors; voltage regulators for vehicles; stage lighting regulators; light dimmers [regulators], electric; speed regulators for record players; cell switches [electricity]; washing trays [photography]; marking gauges [joinery]; T-squares for measuring; time switches, automatic; relays, electric; safety restraints, other than for vehicle seats and sports equipment; body harnesses for support when lifting loads; X-ray photographs, other than for medical purposes; rheostats; respirators for filtering air; retorts; refractometers; refractors; grids for batteries; security surveillance robots; laboratory robots; teaching robots; telepresence robots; humanoid robots with artificial intelligence; electric sockets; height measuring instruments; speaking tubes; horns for loudspeakers; subwoofers; saccharometers; optical fibers [fibres] [light conducting filaments]; traffic-light apparatus [signalling devices]; dog whistles; signalling whistles; sports whistles; sextants; inductors [electricity]; safety nets; nets for protection against accidents; fire alarms; signals, luminous or mechanical; rescue flares, non-explosive and non-pyrotechnic; sirens; electronic access control systems for interlocking doors; scanners [data processing equipment]; hand-held electronic dictionaries; integrated circuit cards [smart cards]; smartglasses; smartphones; smartwatches; connections for electric lines; couplings, electric; sonars; sound locating instruments; lighting ballasts; resistances, electric; spectrograph apparatus; spectroscopes; speed indicators; alcoholmeters; satellites for scientific purposes; protection devices for personal use against accidents; audiovisual teaching apparatus; charging stations for electric vehicles; radiotelegraphy sets; radiotelephony sets; spectacle lenses; anti-glare glasses; optical glass; personal stereos; stereoscopes; stands for photographic apparatus; stroboscopes; fire boats; sulfitometers; bags adapted for laptops; drying racks [photography]; spherometers; integrated circuits; printed circuits; counters; parking meters; kilometer recorders for vehicles; revolution counters; abacuses; egg timers [sandglasses]; taximeters; ear plugs for divers; tachometers; television apparatus; telegraphs [apparatus]; telescopes; teleprompters; teleprinters; mobile telephones; cordless telephones; theodolites; credit card terminals; interactive touch screen terminals; thermo-hygrometers; thermometers, not for medical purposes; thermostats; thermostats for vehicles; climate control digital thermostats; crucibles [laboratory]; tone arms for record players; totalizators; transistors [electronic]; transponders; protractors [measuring instruments]; transformers [electricity]; step-up transformers; resuscitation training simulators;

vehicle breakdown warning triangles; triodes; starter cables for motors; discharge tubes, electric, other than for lighting; capillary tubes; neon signs; Pitot tubes; X-ray tubes not for medical purposes; telephone receivers; headgear being protective helmets; squares for measuring; gauges; quantity indicators; gasoline gauges; water level indicators; electric loss indicators; light-emitting electronic pointers; slope indicators; levels [instruments for determining the horizontal]; mercury levels; spirit levels; urinometers; amplifiers; particle accelerators; electric installations for the remote control of industrial operations; steering apparatus, automatic, for vehicles; balancing apparatus; video recorders; sound reproduction apparatus; invoicing machines; tape recorders; protection devices against X-rays, not for medical purposes; railway traffic safety appliances; data processing apparatus; oxygen transvasing apparatus; theft prevention installations, electric; devices for the projection of virtual keyboards; film cutting apparatus; drying apparatus for photographic prints; optical character readers; centering apparatus for photographic transparencies; dosage dispensers; battery chargers; chargers for electric accumulators; chargers for electronic cigarettes; acoustic alarms; sounding apparatus and machines; apparatus for editing cinematographic film; cathodic anti-corrosion apparatus; couplers [data processing equipment]; wearable activity trackers; anti-theft warning apparatus; computer peripheral devices; anti-interference devices [electricity]; demagnetizing apparatus for magnetic tapes; acoustic couplers; alarms; fog signals, non-explosive; whistle alarms; adding machines; readers [data processing equipment]; heat regulating apparatus; photocopiers [photographic, electrostatic, thermic]; electric and electronic effects units for musical instruments; bar code readers; downloadable ring tones for mobile phones; downloadable image files; downloadable music files; animated cartoons; filters for respiratory masks; filters for ultraviolet rays, for photography; filters for use in photography; USB flash drives; magic lanterns; optical lamps; signal lanterns; cameras [photography]; glazing apparatus for photographic prints; shutters [photography]; darkrooms [photography]; photometers; flash-bulbs [photography]; digital photo frames; enlarging apparatus [photography]; photovoltaic cells; containers for contact lenses; eyeglass cases; containers for microscope slides; cases for smartphones; cases especially made for photographic apparatus and instruments; chromatography apparatus for laboratory use; chronographs [time recording apparatus]; laboratory centrifuges; eyeglass chains; cyclotrons; compasses for measuring; frequency meters; time clocks [time recording devices]; petri dishes; sleeves for laptops; covers for personal digital assistants [PDAs]; covers for tablet computers; covers for smartphones; fire blankets; chips [integrated circuits]; jigs [measuring instruments]; pedometers; meteorological balloons; electrified rails for mounting spot lights; asbestos screens for firemen; fire hose; virtual reality headsets; protective helmets for sports; head guards for sports; lifeboats; snorkels; cell phone straps; eyeglass cords; tripods for cameras; switchboards; distribution boards [electricity]; equalizers [audio apparatus]; screens [photography]; workmen"s protective face-shields; projection screens; radiology screens for industrial purposes; fluorescent screens; exposure meters [light meters]; ducts [electricity]; galvanic cells; downloadable graphics for mobile phones; epidiascopes; ergometers; armatures [electricity]; black boxes [data recorders].

Cl.28; Chessboards; games; chess games.

Cl.41; Modelling for artists; academies [education]; rental of indoor aquaria; rental of artwork; rental of sports grounds; rental of tennis courts; lending library services; booking of seats for shows; videotaping; physical education; production of music; discotheque services; animal training; dubbing; gambling services; publication of books; film distribution; movie studio services; health club services [health and fitness training]; nightclub services [entertainment]; layout services, other than for advertising purposes; microfilming; videotape editing; production of radio and television programmes; screenplay writing; religious education; aikido instruction; gymnastic instruction; judo instruction; correspondence courses; practical training [demonstration]; training services provided via simulators; organization of balls; organization of exhibitions for cultural or educational purposes; providing recreation facilities; arranging and conducting of colloquiums; arranging and conducting of congresses; arranging and conducting of conferences; arranging and conducting of concerts; arranging and conducting of workshops [training]; arranging and conducting of in-person educational forums; arranging and conducting of seminars; arranging and conducting of symposiums; organization of competitions [education or entertainment]; arranging of beauty contests; organization of cosplay entertainment events; organization of lotteries; organization of fashion shows for entertainment purposes; organization of shows [impresario services]; organization of sports competitions; vocational guidance [education or training advice]; amusement park services; sign language interpretation; know-how transfer [training]; television entertainment; mobile library services; vocational retraining; providing online videos, not downloadable; providing information in the field of education; providing information relating to recreational activities; providing information in the field of entertainment; providing online music, not downloadable; providing television programmes, not downloadable, via video-on-demand services; providing films, not downloadable, via video-on-demand services; providing user reviews for entertainment or cultural purposes; providing golf facilities; providing user rankings for entertainment or cultural purposes; providing sports facilities; providing amusement arcade services; cinema presentations; providing online electronic publications, not downloadable; presentation of circus performances; presentation of variety shows; presentation of live performances; theatre productions; conducting guided climbing tours; conducting fitness classes; educational examination; film production, other than advertising films; rental of audio equipment; rental of video cameras; rental of video cassette recorders; rental of videotapes; rental of show scenery; rental of sound recordings; toy rental; rental of cinematographic apparatus; rental of motion pictures; games equipment rental; rental of stadium facilities; rental of lighting apparatus for theatrical sets or television studios; rental of radio and television sets; rental of skin diving equipment; rental of sports equipment, except vehicles; rental of stage scenery; rental of training simulators; electronic desktop publishing; online publication of electronic books and journals; publication of texts, other than publicity texts; radio entertainment; entertainer services; entertainment services; writing of texts; sado instruction [tea ceremony instruction]; zoological garden services; news reporters services; film directing, other than advertising films; party planning [entertainment]; music composition services; subtitling; tutoring; holiday camp services [entertainment]; video editing services for events; conducting guided tours; disc jockey services; sound engineering services for events; game services provided online from a computer network; personal trainer services [fitness training]; providing casino facilities [gambling]; calligraphy services; karaoke services; club services [entertainment or education]; songwriting; cultural, educational or entertainment services provided by art galleries; providing museum facilities [presentation, exhibitions]; teaching; educational services provided by special needs assistants; educational services provided by schools; orchestra services; translation; scriptwriting, other than for advertising purposes; physical fitness assessment services for training purposes; face painting; ticket agency services [entertainment]; educational examination for users to qualify to pilot drones; coaching [training]; lighting technician services for events; sport camp services; recording studio services; language interpreter services; nursery schools; photography; photographic reporting; timing of sports events; boarding school education; production of shows.

Cl.42; Water analysis; computer system analysis; handwriting analysis [graphology]; chemical analysis; rental of meters for the recording of energy consumption; energy auditing; recovery of computer data; business card design; graphic design of promotional materials; interior design; industrial design; graphic arts design; computer virus protection services; oil-field surveys; geological surveys; engineering; installation of computer software; meteorological information; clinical trials; material testing; textile testing; bacteriological research; biological research; geological research; research in the field of environmental protection; cosmetic research; mechanical research; research in the field of welding; research in the field of building construction; research in the field of telecommunications technology; research in the field of physics; chemical research; research and development of new products for others; medical research; scientific and technological research relating to patent mapping; scientific and technological research in the field of natural disasters; scientific research; analysis for oil-field exploitation; underwater exploration; technological research; calibration

[measuring]; web site design consultancy; computer security consultancy; information technology [IT] consultancy; computer technology consultancy; consultancy in the design and development of computer hardware; architectural consultancy; internet security consultancy; computer software consultancy; data security consultancy; technological consultancy; oil-well testing; quality control; vehicle roadworthiness testing; land surveying; dress designing; updating of computer software; monitoring of computer systems to detect breakdowns; monitoring of computer systems for detecting unauthorized access or data breach; monitoring of computer systems by remote access; software as a service [SaaS]; maintenance of computer software; authenticating works of art; design of interior decor; quality evaluation of standing timber; quality evaluation of wool; digitization of documents [scanning]; conversion of data or documents from physical to electronic media; urban planning; providing information relating to computer technology and programming via a web site; providing scientific information, advice and consultancy relating to carbon offsetting; providing search engines for the internet; platform as a service [PaaS]; conversion of computer programs and data, other than physical conversion; conducting technical project studies; computer system design; rental of web servers; computer rental; rental of computer software; unlocking of mobile phones; geological prospecting; oil prospecting; hosting computer sites [web sites]; server hosting; development of computer platforms; construction drafting; computer software design; software development in the framework of software publishing; cloud seeding; consultancy in the field of energy-saving; creating and designing website-based indexes of information for others [information technology services]; creating and maintaining web sites for others; computer programming; technical writing; duplication of computer programs; cloud computing; architectural services; information technology services provided on an outsourcing basis; chemistry services; packaging design; off-site data backup; telecommunications technology consultancy; scientific laboratory services; user authentication services using single sign-on technology for online software applications; user authentication services using technology for e-commerce transactions; weather forecasting; styling [industrial design]; cartography services; exploration services in the field of the oil, gas and mining industries; data encryption services; electronic data storage; surveying; electronic monitoring of credit card activity to detect fraud via the internet; electronic monitoring of personally identifying information to detect identity theft via the internet.

IR DIVISION

Cl.1; Heat radiation coatings for LED; surface-coating chemicals for OLED; surface-coating chemicals for PDP; silicone surfactants for industrial purposes; chemical preparations for use in industry; chemicals for use in the manufacture of optical fibers; silicon; graphene; chemical compositions for metal plating; silanes for use in manufacture of semiconductors and solar batteries; dopants for use in the manufacture of semiconductors; chemical source material for the deposition of thin films upon semiconductor wafers for the manufacture of semiconductors; etchants for use in the manufacture of semiconductors; gas for use in the processing semiconductors; filtering materials of chemical substances; organic industrial chemicals; organometallic compounds; chemical oxidants for use in the manufacture of printed circuits boards; chemical auxiliary agents for printed circuit board plating; chemical agents for printed circuit board plating; chemical coatings used in the manufacture of printed circuit boards; chemical additives for use in manufacture; detergents for industrial use as part of manufacturing operations; catalysts for use in chemical processes; chemicals and adhesives for use in industry; metalloids; silicones; graphite for industrial purposes; unprocessed artificial resins for LED ceiling; unprocessed artificial resins for industrial use; unprocessed plastics for industrial use; unprocessed plastics in all forms; unprocessed silicone resins; unprocessed epoxy resin; unprocessed thermoplastic resins; unprocessed artificial and synthetic resins; artificial resins, unprocessed; conductive resins, unprocessed; polymer resins, unprocessed; unprocessed silicone resins; unprocessed polymer resins for use in the manufacture of liquid crystal displays; masking compounds for use in the manufacture of printed circuit boards; unprocessed artificial resins for use in manufacture.

Cl.7; Metal surface film deposition apparatus; molds [parts of machines]; multipolar sputtering apparatus for manufacturing LCD/PDP/semiconductor/LCD/solar cells and LED; laser evaporation/sublimation apparatus being part of machines for manufacturing LCD, PDP, semiconductor, LCD, solar cells and LED; roll evaporation apparatus being part of machines for manufacturing LCD/PDP/semiconductor/LCD/solar cells/LED; ion beam sputter evaporation apparatus being part of machines for manufacturing LCD/PDP/semiconductor/LCD/solar cells and LED; electronic beam crystallizing apparatus for manufacturing LCD/PDP/semiconductor/LCD/solar cells and LED; LED sapphire grinder processors; LED sapphire wafer processors; LED wire-saw processors; LED manufacturing sputtering apparatus; etching apparatus for manufacturing LED; atomic layer deposition [ALD] machines for manufacturing LED; evaporation apparatus being part of machines for manufacturing LED; etching apparatus for manufacturing OLED; atomic layer deposition [ALD] machines for manufacturing organic light emitting diodes [OLED]; evaporation apparatus being part of machines for manufacturing OLED; OLED manufacturing apparatus; machines for manufacturing liquid crystal display devices; laminating machines for manufacturing liquid crystal display devices; laser processing apparatus for manufacturing display; etching machines for manufacturing liquid crystal display panels; laminating machines for processing liquid crystal display devices; heat treating apparatus being parts of machines for display membrane; display membrane forming machines; laser etching machines; memory chip manufacturing machines; semiconductor processing machines; laser marking machines for semiconductor lead frame; laser cleaning machines for semiconductor lead frame; automatic molding machines for semiconductor lead frame; trimming machines for semiconductor lead frame; forming machines for semiconductor lead frame; machines for manufacturing semiconductors; semiconductor exposure apparatus for use in manufacture; laminating machines for manufacturing semiconductors; laser processors for manufacturing semiconductors; marking machines for manufacturing semiconductors; linear motion guideway for semiconductor processing machines; fluid dispensers for semiconductor processing machines; nozzle for fluid dispensers for semiconductor processing machines; sprays for fluid dispensers for semiconductor processing machines; cartridges for fluid dispensers for semiconductor processing machines; plungers for fluid dispensers for semiconductor processing machines; needle adaptors for fluid dispensers for semiconductor processing machines; caps for fluid dispensers for semiconductor processing machines; tips for fluid dispensers for semiconductor processing machines; laminating machines for semiconductor processing machines; semi-conductor substrates manufacturing machines; vacuum chambers for processing semiconductor substances; apparatus for transporting semiconductor elements; semiconductor wafer processing machines; semiconductor wafer processing equipment; laser cutters for manufacturing semiconductors; printed circuit board processing machines; printed circuit board drilling machines; plasma etching machines; circuit board manufacturing and processing machines; circuit board manufacturing and processing laser steppers being machines; circuit board manufacturing and processing mask aligner.

Cl.9; USB operating software; computer programs recorded on data media [software] designed for use in construction and automated manufacturing [CAD/CAM]; recorded intelligent application programs for wireless terminals; recorded computer game programs; downloadable intelligent application programs for wireless terminals; downloadable computer application software for cellular phones; downloadable computer software applications; downloadable computer

programs; software for network firewalls; computer software for providing security to networks; computer software for data processing; computer software for database management; software for use in database management; database management software; computer software for application and database integration; computer software for wireless network communications; application software for mobile phones; computer software for accessing databases; software for tablet computers; computer software for use in processing semiconductor wafers; computer programs for user interface design; software for smart TV [application]; downloadable smartphone apps [software]; application software for smartphones; computer software for encryption; operating system programs; computer software for use in the field of telecommunications for providing electronic transmission of documents and facsimile transmission; computer application software for mobile phones; computer programs for using the internet and the World Wide Web; computer software applications for streaming and monitoring audiovisual media content via the internet; downloadable computer game programmes via the internet; computer programs for the enabling of access or entrance control; computer software for controlling and managing access server applications; computer software; computer programs for connecting remotely to computers or computer networks; computer programs for browsing remotely for content on computers and computer networks; computer programs for searching remotely for content on computers and computer networks; computer operating software; computer firmware; computer software to maintain and operate computer systems; floppy disks bearing computer programs; magnetic disks bearing computer programs; optical disks bearing computer programs; discs bearing computer programs; compact discs bearing computer programs; CD-ROMs bearing computer programs; diskettes bearing computer programs; magnetic tapes bearing computer programs; tapes bearing computer programs; software for cell phones; LCD projectors; LED microscopes; magnifying lenses for LED; objectives lenses for LED; microtomes; stand magnifying lenses for LED; LED motion recognition sensor; LED position sensors; precision measuring apparatus; measuring instruments; housings for measuring apparatus; measuring apparatus; plane tables [surveying instruments]; display screen filters adapted for use with televisions; wrist-mounted smartphones; smart rings; smartglasses; smartwatches; smartphones; foldable smartphones; expandable screen smartphones; mobile phones; computer software for use in processing semiconductor wafers; LCD large-screen displays; liquid crystal display screens; LCD monitors; color filters for liquid crystal display [LCD] screens; LCDs [liquid crystal displays]; LCD panels; LED inspection apparatus; LED panel for advertisement; LED photoelectric tube; LED manipulator for motion recognition; light emitting diode [LED] displays; electronic display for LED lighting panel; electronic control gears [ECGs] for LED lamps and light fixtures; LED monitors; LED desk lamps display; glass substrates for LED; polaroid film for LED panel; light-emitting diodes [LED] display panels; LED display panel; LED testing apparatus; LED optical film; OLED [Organic light emitting diode] display panels; conductive film for OLED display; transparent electrode film for OLED display; LCD monitor for display; display inspecting equipment; display screens; display keypads; display terminals; inspection equipment for display panel; display panel driver; display panels and parts thereof; display screen filters; inspection apparatus for display; optical films for displays; non-destructive testing apparatus for displays; digital signage monitors; head-up display apparatus for vehicles; reflective plates for liquid crystal displays; apparatus for measuring and testing the surface defects of sheet for liquid crystal displays; wearable video display monitors; computer display monitors; monitors [computer hardware]; display screen filters adapted for use with computer monitors; anti-glare filters for computer monitors; computer screen filters; filter screens for computer screens; computer touch screens; flexible flat panel displays for computers; display screen filters adapted for use with tablet computers; touch sensitive electronic screens; touch sensitive display and control screens; touch screens; touchscreen monitors; touchscreen sensors; touch panels; touch pads; flat panel display screens; flat panel electroluminescent display screens; plasma display panel [PDP]; optical filters for plasma display panels; plasma display panels; flexible display; conductive film for flexible display; transplant electrode film for flexible display; head-mounted displays; head-mounted video displays; high definition graphic chipsets; LED drivers; LED dot matrix unit; LED modules, other than lighting modules; LED backlight screens; electronic circuit board for LED lighting apparatus; LED circuit; coolers for LED; organic light-emitting diodes [OLED]; quantum dot light-emitting diodes [QLED]; light diodes; optical semiconductors; optical breadboards; structured semi-conductor wafers; diodes; diode arrays; multilayer printed wiring boards; single-crystal silicon wafers; large scale integrated circuits; display elements made of metal fiber fabrics; display elements made of metal fibers; driving IC and power management IC [PMIC] for display; integrated circuits for use in digital signal processors [DSP]; laser diodes; microchips; semi-conductors; semiconductor testing apparatus; optical semiconductor amplifiers; solid-state memories; chip for semiconductor luminous element; semiconductor component; probes for testing semi-conductors; semiconductor devices; semi-conductor memories; semi-conductor memory units; semiconductor elements inspection equipment; semiconductor elements made of metal fabrics; semiconductor elements made of metal textiles; semiconductor elements made of metal powders; shock absorbers for semiconductor element; X-ray inspecting apparatus for semiconductor; inspecting apparatus for semiconductor; non-destructive testing apparatus for semiconductor; testing equipment for semiconductor; silicon carbide single crystal wafers for semiconductor; silicon carbide wafers for semiconductor; semiconductor wafers; semiconductor wafer inspection apparatus; light-emitting diodes; silicon wafers; machine and equipment for inspecting wafers; equipment for inspecting wafers; printed electronic circuits; test adapters for testing printed circuit boards; testing apparatus for testing printed circuit boards; test pins for testing printed circuit boards; electrical circuit boards; electronic integrated circuits; transistors [electronic]; electronic semi-conductors; electronic application machine and equipment for inspecting semiconductor package; electronic control circuits; electronic chips; electronic circuits; electronic circuit board; electronic circuit boards; integrated circuits; integrated circuit module; circuit boards provided with integrated circuits; silicon wafers for integrated circuits; wafers for integrated circuits; chips [integrated circuits]; flexible printed circuit boards; radiant heating member for flexible printed circuit boards; shim plate of stainless steel for flexible printed circuit boards; hybrid integrated circuits; hybrid circuits; circuit boards; copper panels for circuit boards; circuit distributors; circuit testing instruments; pellets for testing semiconductor elements; jigs for testing semiconductor elements; chamber for testing semiconductor elements; semiconductor elements aging testing equipment.

Cl.35; Database management; compilation of information into computer databases; compilation and systematization of information in databanks; compilation and systemization of information into computer databases; systemization of information into computer databases; updating and maintenance of data in computer databases; systemization of information into computer databases; data search in computer databases; systematization of data into computer databases; compilation and systemization of information into computer databases; updating and maintenance of data in computer databases; compiling of information into computer databases; computer file management; management and compilation of computerised databases; data search in computer files for others; computerised register management; computerized database management; computerized central file and business file management; computerized file management.

Cl.37; Installation and repair of network systems; maintenance and repair of hardware for computer networks; installation of computer hardware for network access servers; repair of computer hardware for network access servers; maintenance of computer hardware for network access servers; maintenance of data processing apparatus; installation of data processing apparatus; repair or maintenance of semi-conductor manufacturing machines and systems; installation of computer network systems and devices; installation of hardware for computer networks; maintenance and repair of computers; installation of hardware for computer networks; maintenance of computer network systems and devices; maintenance and repair of computer network devices; installation of computer network devices; repair of computer network devices; maintenance of computer network devices; installation, repair and maintenance of computers and computer peripherals; repair or maintenance of computers; repair of computers; installation of computer equipment; repair of computer equipment; maintenance of computer equipment; installation of hardware for computer systems; repair

of computer apparatus; installation of computer apparatus; maintenance of computer apparatus; repair and maintenance of telecommunication networks, apparatus, and instruments; installation, maintenance and repair of computer hardware; repair of computer hardware; upgrading of computer hardware; computer hardware maintenance and repair.

Cl.40;Processing of synthetic resins; finishing of synthetic resins; providing information relating to the rental of metal treating machines and tools; rental of metal treating machines and tools; abrasive polishing of metal surfaces; heat treatment of metal surfaces; treatment and coating of metal surfaces; coating of metal surfaces using physical vapor deposition or chemical vapor deposition processes; coating of metal surfaces using physical vapor deposition processes; custom manufacturing of molds for semiconductor; electro-plating; processing of electronic component mold; processing of optical fibers; processing of semiconductors; processing of semiconductor masks; custom manufacturing and assembling services relating to semi-conductor parts and integrated circuits; processing of semiconductor elements; processing of semiconductor testing apparatus; etching of semiconductors; processing of semiconductor wafers; custom manufacture of semiconductor wafers; processing of semiconductor equipment and parts; processing of parts for semiconductor manufacturing; recycling of semiconductor manufacturing parts; processing and assembly of semiconductors; encapsulation of semi-conductors; polishing of semiconductors; processing of silicone; processing of printed circuit boards; treatment of printed circuits boards surface; rental of industrial robots for use in manufacturing; custom manufacturing and assembling services relating to semiconductor parts and integrated circuits; processing of chemicals; processing of circuit boards; custom assembling of circuit boards and semiconductors.

Cl.41;Academy education services for information and communication; computer database academies; provision of training in connection with computer installation; computer software academies; computer programming academies; computer academies; provision of on-line training; instruction and training services; publication of printed matter, also in electronic form, other than for advertising purposes; publication of books, magazines and other texts, other than publicity texts; on-line publication of electronic books; electronic publication of information on a wide range of topics on-line; publication of books; publication of printed matter in electronic form; electronic publishing services; publication of periodicals; publication of documents in the field of training, science, public law and social affairs; providing online electronic publications, not downloadable; educational services; distance learning services provided on-line; distance learning services; distance learning courses; rental of educational material and apparatus; dissemination of educational material; arranging and conducting of seminars, congresses, conferences and symposiums; education, training and instructional services in relation to manufacturing and production.

Cl.42;Development of software for secure network operations; development and creation of computer programmes for data processing; reconstruction of database systems for others; development of computer databases; database design and development; rental of a database server to third parties; data encryption and decoding services; data encryption services; data migration services; development of data processing programs for others; writing of data processing programs; development of data processing programs; developing of driver and operating system software; development of computer software for big data processing; software as a service [SaaS]; platform as a service [PaaS]; software design and development; providing information on computer technology and programming via a web site; rental of application software; creation of control programs for electric operation control and drive modules; computer technology development in the field of software for enterprise resource planning [ERP]; computer technology maintenance in the field of software for enterprise resource planning [ERP]; development of software in the field of electronic components; design of software in the field of electronic components; design and development of electronic data security systems; electronic data storage; data conversion of electronic information; design and development of computer hardware for the manufacturing industry; design and development of computer hardware related to measuring machines and instruments; design and development of computer software related to measuring machines and instruments; design and development of computers and programs for computers; updating and maintenance of computer software; maintenance of computer game software; computer system analysis; computer network configuration services; design of computer database; debugging computer software for others; updating and design of computer software; maintenance and upgrading of computer software; developing and updating computer software; maintenance and updating of computer software; rental and maintenance of computer software; services for maintenance of computer software; computer software design for others; rental of computer software and programs; design and development of computer software; design and writing of computer software; installation and maintenance of computer programs; installation, repair and maintenance of computer software; research and development of computer software.

Priority claimed from 02/11/2022; Application No. : 1472858 ;Benelux

MAGIC LANE INTELLECTUAL PROPERTY BV

Munnikenweg 18 NL-1871 GR Schoorl NL

Address for service in India/Attorney address:

RNA, IP ATTORNEYS

401-402, 4TH FLOOR, SUNCITY SUCCESS TOWER, SEC-65, GOLF COURSE EXTENSION ROAD, GURGAON-122005 NATIONAL CAPITAL REGION (HARYANA)

Proposed to be Used

IR DIVISION

Cl.9; **Scientific apparatus and instruments; research apparatus and instruments; navigation apparatus and instruments; surveying apparatus and instruments; photographic apparatus; photographic instruments; cinematographic apparatus and instruments; audiovisual apparatus; audiovisual instruments; optical apparatus; optical instruments; weighing apparatus and instruments; measuring apparatus; measuring instruments; signalling apparatus; signalling instruments; detecting apparatus and instruments; testing apparatus and instruments; inspecting apparatus and instruments; life-saving apparatus and instruments; teaching apparatus and instruments; apparatus and instruments for conducting the distribution of electricity; apparatus and instruments for switching the distribution of electricity; apparatus and instruments for switching the use of electricity; apparatus and instruments for transforming the distribution of electricity; apparatus and instruments for accumulating and storing electricity; apparatus and instruments for regulating the distribution of electricity; apparatus and instruments for regulating the use of electricity; apparatus and instruments for controlling the distribution of electricity; apparatus and instruments for controlling the use of electricity; apparatus and instruments for recording sound; apparatus and instruments for recording of data; apparatus and instruments for recording of images; apparatus and instruments for transmitting sound; apparatus and instruments for transmitting images; apparatus and instruments for transmitting data; apparatus and instruments for reproducing of images; apparatus and instruments for reproducing of sound; apparatus and instruments for reproducing of data; apparatus and instruments for processing sound; apparatus and instruments for processing images; apparatus and instruments for processing data; recorded media; downloadable media; computer software; blank digital storage media; blank digital recording media; blank analogue recording media; mechanisms for coin-operated apparatus; cash registers; calculating devices; computers; computer peripheral devices; diving suits; divers" masks; ear plugs for divers; nose clips for divers and swimmers; gloves for divers; breathing apparatus for underwater swimming; fire extinguishing apparatus; GPS transmitters; GPS software; GPS receivers; GPS navigation systems; GPS navigation device; global positioning systems (GPS); software for GPS navigation; global positioning system (GPS) apparatus; global positioning system (GPS) devices; navigation software; portable navigation devices; electronic navigation systems; map software; downloadable electronic maps; downloadable maps; navigation, guidance, tracking, targeting and map making devices; augmented reality software for creating maps; downloadable road maps; computer digital maps; navigation apparatus for vehicles (on-board computers); multimedia navigation systems for vehicles; car navigation computers; electronic navigation apparatus; electric navigational instruments; on-board electronic systems in land vehicles for providing driving assistance; computer game software; time recording apparatus; scales; instruments for measuring length; road signs, luminous or mechanical; sound transmitting apparatus; cameras; electrical adapters; motion sensors; electric apparatus for commutation; bicycle helmets; electric locks for vehicles; batteries, electric; decorative magnets; car video recorders; optical lenses; sunglasses; phototelegraphy apparatus; measuring rulers; animated cartoons; cinematographic film, exposed.**

Cl.12; **Vehicles; apparatus for locomotion by land, air or water; electric vehicles; hybrid vehicles; land vehicles; wheeled vehicles; motor vehicles; two-wheeled vehicles; electric land vehicles; electrically powered vehicles; electrically operated vehicles; vehicles and conveyances; mobility vehicles; motor land vehicles; all-terrain vehicles; off-road vehicles; motor scooters; scooters; pedal scooters; rail vehicles; automotive vehicles; pedal land vehicles; non-motorized scooters [vehicles]; electrically powered land vehicles; two-wheeled motorised vehicles; two-wheeled motor vehicles; pedal driven land vehicles; electrically powered motor vehicles; vehicles for travel by land; vehicles for locomotion by land, air, water or rail; bicycles; road bikes; folding bikes; folding electric bicycles; pedal bicycles; mountain bicycles; sports bicycles; racing bicycles; delivery bicycles; motorised bicycles; electric bicycles; bicycle structural parts; electrically-powered motor scooters; electric one wheel scooters; motorized and non-motorized scooters for personal transportation; ambulances; motorcycles; mopeds; rescue sleds; pneumatic tyres and inner tubes for motorcycles; side view mirrors for vehicles; bicycle wheels; bicycle bells; bicycle brakes; bicycle chains; bicycle cranks; bicycle frames; front forks for bicycles; bicycle handlebars; bicycle kickstands; luggage racks for bicycles; bicycle motors; bicycle mudguards; bicycle pedals; bicycle saddles; bicycle seats; bicycle trailers; electric unicycles; tricycles; remote control vehicles, other than toys; water scooters; roll cage trolleys; carts.**

Cl.16; **Paper and cardboard; printed matter; bookbinding material; photographs; stationery; office requisites, except furniture; adhesives for stationery or household purposes; drawing materials; materials for artists; paintbrushes; instructional and teaching materials; plastic sheets for wrapping and packaging; plastic films for wrapping and packaging; plastic bags for wrapping and packaging; printers" type; printing blocks; maps; route maps; printed maps; geographical**

maps; printed road maps; maps made of flexible plastics; printed wall maps; printed geographical maps; printing paper; waterproof paper; graphic prints; printed advertising posters; graphic representations; cardboard packaging; drawing instruments; writing instruments; towels of paper; reproductions of paintings; ink for pens; sealing stamps; architects" models.

Cl.39;Transport; packaging and storage of goods; travel arrangement; navigation services; air navigation services; GPS navigation services; route planning services; global positioning system navigation services; tracking of passenger vehicles by computer or via GPS; tracking of passenger or freight vehicles by computer or via GPS; travel route planning; provision of information relating to travel routes; vehicle location services; information services relating to the location of goods; ambulance transport; vehicle rental; delivery of goods; travel guide services; marine transport; car transport; air transport; storage information.

Cl.42;Scientific and technological services; scientific services and research relating thereto; scientific design services; technological services and research relating thereto; technological services and design relating thereto; industrial analysis and research services; industrial design services; quality control and authentication services; design and development of computer hardware and software; design and development of navigation systems; testing, analysis and monitoring of navigation signals; mapping; mapping services; cartography and mapping; services for the design of maps; services for the digitalization of maps; preparation of maps in digital form; creation of GPS maps; design and development of route planning software; design and development of multimedia products; research and development of new products; weather forecasting; testing the functionality of apparatus and instruments; computer design services; cartography services; calibration services; product testing; research in the field of building construction; architectural consultancy; architectural design; architectural services; clothing design services; fashion design consulting services.

Cl.6; Common metals and their alloys; wires.

Cl.7; Wire-making machines; wire-forming machines; machines for extruding wire; wire-cutting machines; machines for rolling wire; rolling mills; winding machines; galvanizing machines; packing machines; machines for the treatment of waste and recycling; waste disposers; waste compactors; waste conveyors.

Cl.37; Installation, repair and maintenance services for machinery for producing wire; installation, repair and maintenance services for machinery for the selection, treatment and recovery of waste and recycling.

Cl.40; Metal treatment services; metal finishing; refining of metals; plating and lamination of metals; electrolytic zinc plating; forming metal components; metal cutting; chromium plating of metal goods; metal hardening; metal casting; galvanization; lamination of metals; machining of metal; metalworking; information concerning treatment of metallic materials; waste treatment services; sorting of waste and recyclable material; recycling of waste; information, advice and consultancy relating to recycling of waste and trash.

Cl.42; Engineering services; scientific and technological services, as well as associated research and design services; research and development of new products for others; industrial analysis and research services; all the above mentioned being related to design and development of wires.

CORRIGENDA

APPL NO	CORRIGENDA DESCRIPTION
6421825	6421825 - (2193-0) - Attorney Details read as MADAMSER & CO., of address FLAT NO.E.GF SAGAR APARTMENTS, 6, TILAK MARG, NEW DELHI-110001
6421826	6421826 - (2193-0) - Attorney Details read as MADAMSER & CO., of address FLAT NO.E.GF SAGAR APARTMENTS, 6, TILAK MARG, NEW DELHI-110001
6421827	6421827 - (2193-0) - Attorney Details read as MADAMSER & CO., of address FLAT NO.E.GF SAGAR APARTMENTS, 6, TILAK MARG, NEW DELHI-110001
6421828	6421828 - (2193-0) - Attorney Details read as MADAMSER & CO., of address FLAT NO.E.GF SAGAR APARTMENTS, 6, TILAK MARG, NEW DELHI-110001
6421829	6421829 - (2193-0) - Attorney Details read as MADAMSER & CO., of address FLAT NO.E.GF SAGAR APARTMENTS, 6, TILAK MARG, NEW DELHI-110001
6878204	6878204 - (2199-0) - Goods Description column read as Fabrics, Cotton fabric, Woolen fabric, Embroidery fabric, Knitted fabric, Linen [fabric], Polyester fabric, Waterproof fabric, Textile fabrics, Pashmina fabrics, Jute fabrics, Laminated fabrics, Silk fabrics, Curtain fabrics, Industrial fabrics, Shirt fabrics, Synthetic fiber fabric, Interior decoration fabrics, Fabrics [piece goods], Textile piece goods for furnishing purposes and Suiting materials [textile] and none of the said goods being tweed cloth or being made wholly or partly from tweed material or tweed cloth.
6878205	6878205 - (2199-0) - Goods Description column read as READYMADE GARMENTS, HOSIERY, UNDER GARMENTS, CLOTHING, FOOTWEARS, UNIFORMS, DRESSES, JEANS, JACKETS, SHIRTS, TROUSERS, SUITS, VESTS, COATS, CHILDREN CLOTHING, CAPS, HATS, HEADWEAR, NECKWEAR, BLAZERS, GLOVES, SOCKS, TIES, BELTS (FOR WEAR); WOOLLEN GARMENTS INCLUDED IN CLASS 25 AND NONE OF THE AFORESAID GOODS BEING MADE WHOLLY OR PARTLY FROM TWEED MATERIAL OR TWEED CLOTH.
