Cl.6; **Iron and steel; nonferrous metals and their alloys; ores of metal; metal materials for building or construction; prefabricated building assembly kits of metal; loading and unloading pallets of metal; turn-tables for load handling; traversers for load handling; paint spraying booths of metal; metal molds for forming cement products; metal pulleys, springs and valves [not including machine elements]; metal junctions for pipes; metal flanges; reservoirs of metal; anchors; containers of metal for transport; metal hardware; wire rope; wire nets and gauzes; tool boxes of metal, empty; railway points; artificial fish reefs of metal; machine keys; cotter pins; small hardware of metal; bollards of metal; anvils; swage blocks; industrial packaging containers of metal; metal stepladders and ladders; hat-hanging hooks of metal; metal joinery fittings; spurs; stakes of metal for plants or trees; mountable metal inspection doors for access to the interior that come with lid; mountable metal inspection doors for access to the interior; clips of metal for cables and pipes; washers of metal; locks of metal; fittings of metal for windows; cables of metal, non-electric; wire of common metal; railings of metal; metallic pipes and tubes.**

Cl.7; **Metalworking machines and tools; mining machines and apparatus; construction machines and apparatus; loading-unloading machines and apparatus; industrial fishing machines; chemical processing machines and apparatus; textile machines and apparatus; food or beverage processing machines and apparatus; lumbering, woodworking, or veneer or plywood making machines and apparatus; pulp making, papermaking or paper-working machines and apparatus; printing or bookbinding machines and apparatus; agricultural machines and agricultural implements, other than hand-operated; shoe making machines; leather tanning machines; tobacco processing machines; glassware manufacturing machines and apparatus; painting machines and apparatus; packaging or wrapping machines and apparatus; plastic processing machines and apparatus; semiconductor manufacturing machines and systems; machines and apparatus for manufacturing rubber goods; stone working machines and apparatus; non-electric prime movers, not for land vehicles; pneumatic or hydraulic machines and instruments; adhesive tape dispensing machines; automatic stamping machines; dishwashers; machines and apparatus for wax-polishing, electric; washing machines [laundry]; vacuum cleaners; electric food blenders for household purposes; repairing or fixing machines and apparatus; mechanical parking systems; vehicle washing installations; power sprayers for insecticides [not for agricultural purposes]; machine elements, not for land vehicles; lawnmowers; curtain drawing devices electrically operated; waste compacting machines and apparatus; waste crushing machines; starters for motors and engines; AC motors and DC motors [not including those for land vehicles but including parts for any ac motors and dc motors]; AC generators [alternators]; DC generators; dynamo brushes; parts of non-electric prime movers; fuel dispensing machines for service stations; food mixing machines for commercial use; food peeling machines for commercial use; food cutting, chopping and slicing machines for commercial use; electric door openers; waste compacting machines and apparatus for industrial purposes; waste crushing machines for industrial purposes; rolling mills for metalworking; belts for conveyors; industrial robots; washing machines for empty bottle; bottle washing machines; shredders [machines] for industrial use; hand-held tools, other than hand-operated; steam engine boilers; internal combustion engines, not for land vehicles; motors, other than for land vehicles; pumps [machines]; valves, machine elements not for land vehicles; power-operated blowers; centrifugal blowers; hydraulic pressure cylinders; bearings being parts of machines; handling apparatus for loading and unloading; conveyors being machines; transmission chains, other than for land vehicles; transmission mechanisms, other than for land vehicles; loading and unloading machines; sorting machines for industry; sifting machines; elevators [lifts]; electric motors, not for land vehicles; reduction gears, other than for land vehicles; mechanical handling apparatus with vertical lift containing shelves; conveyors; power transmission chains; jacks [machines]; power jacks; hydraulic jacks; pneumatic jacks; electric jacks; linear actuators; electric cylinders, other than for land vehicles; pneumatic or hydraulic linear actuators, other than for land vehicles; ball screw; ball spline, other than for land vehicles; drive chains, other than for land vehicles; roller chains, machine elements not for land vehicles; conveyor chain; elevator chains being parts of machines; silent chains; holding and guiding device for cable or hose being parts of machines; automatic conveying carousels; automatic vehicle parking carousels; vehicle parking carousels; power-driven rotary storage machinery, namely conveying, handling, sorting machines; automatic warehousing systems and components thereof consisting of conveying, handling, sorting, lifting, loading and unloading machines; automatic warehousing systems in the nature of automatic conveying, handling, sorting, lifting, loading and unloading machines; chains being parts of conveying machines; top chain; flat top chain being parts of conveying machines; power transmission components for conveyor chain, conveyor tools and chain conveyor; conveyor system; belt conveyors; machinery for inventory clearance, namely conveying, handling, sorting machines; concrete mixers [machines]; sorting machines of industrial products [loading-unloading machines and apparatus]; automatic warehousing systems with refrigeration units consisting of conveying, handling, sorting, lifting, loading and unloading machines; automatic warehousing systems consisting of automatic picking [handling, sorting and loading] units and**

automatic conveying carousels; automatic warehousing systems consisting of automatic picking units [handling, sorting and loading apparatus]; conveyors with electronic tag reading units; conveyors with non-contact reading units for radio frequency identification [RFID] tags; friction drive conveyors for automotive production lines; object recognition device for automatic inspection, picking and sorting of products in production lines being parts of loading and unloading machines; bucket elevators; screw conveyors; flight conveyors; scraper conveyors; flow conveyors; dampers for switching fluid flow [parts of machines]; electric motors with reduction gears being parts of machines; lifting apparatus; sprockets; flat top chains made of resin for conveying units being parts of food or beverage processing machines; flat top chains made of resin for conveying units being parts of metal working machines; conveying machines and their parts and fittings being parts of metal working machines; flat top chains made of resin for conveying units being parts of packaging or wrapping machines; bicycle assembling machines; electric metal cutting machines (by arc, gas or plasma); electrical welding equipment; high frequency apparatus for welding; bits of metal being parts of machines.

Cl.9; **Processed optical glass; time clocks [time recording devices]; photo-copying machines; time and date stamping machines; time clocks [time recording devices]; punched card office machines; voting machines; postage stamp checking apparatus; coin-operated mechanisms for operating gates for car parking lots; railway signal apparatus, luminous or mechanical; road signs, luminous or mechanical; diving equipment; simulators for the steering and control of vehicles; sports training simulators; laboratory apparatus and instruments; photographic apparatus and instruments; cinematographic machines and apparatus; optical machines and apparatus; measuring or testing machines and instruments; power distribution or control machines and apparatus; rotary converters; phase modifiers; electrical cells and batteries; electric or magnetic meters and testers; electric wires and cables; electric buzzers; telecommunication machines and apparatus; electronic data processing machines, apparatus and their parts; computer peripherals; computers; electronic control apparatus; magnetic cores; resistance wires; electrodes, other than welding electrodes or medical electrodes; fire boats; voltage regulators for vehicles; induction voltage regulators; voltage regulators; phonograph records; electronic circuits and CD-ROMs recorded with automatic performance programs for electronic musical instruments; game programs for arcade video game machines; solar batteries; personal digital assistants; electronic data processing machines [not including Geiger counters, high frequency apparatus for welding, cyclotrons [not for medical purposes], industrial X-ray machines and apparatus [not for medical use], industrial betatrons [not for medical use], magnetic prospecting machines, magnetic object detectors, seismic exploration machines and apparatus, hydrophone machines and apparatus, echo sounders, ultrasonic flaw detectors, ultrasonic sensors, electronic door closing control systems and electron microscopes]; electron tubes; semi-conductor elements; electronic circuits, not including those recorded with computer programs; computer programs; Geiger counters; cyclotrons, not for medical purposes; industrial X-ray machines and apparatus, not for medical use; industrial betatrons, not for medical use; magnetic prospecting machines; magnetic object detectors; seismic exploration machines and apparatus; hydrophone machines and apparatus; echo sounders; ultrasonic flaw detectors; ultrasonic sensors; electronic door closing control systems; electron microscopes; electronic circuits and CD-ROMs recorded with programs for hand-held games with liquid crystal displays; effecters for electric or electronic musical instruments; downloadable image files; recorded video discs and video tapes; satellites for scientific purposes; parking meters; money counting and sorting machines; mechanisms for coin-operated apparatus; face recognition equipment; scales; measures; transmitters of electronic signals; speed measuring apparatus [photography]; measuring instruments; materials for electricity mains [wires, cables]; semiconductors; remote control apparatus; optical fibers [light conducting filaments]; electric installations for the remote control of industrial operations; X-ray photographs, other than for medical purposes; pressure gauges; computer software, recorded; measuring apparatus; power distribution systems; uninterruptible electrical power supplies; electric power supply units; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; regulating apparatus, electric; constant temperature incubators; detectors; readers [data processing equipment]; furniture especially made for laboratories; data processing equipment; optical fiber cables; telecommunication cables; electrical cables; supporting devices for electric wires and cables; protecting devices for electric wires and cables; bundling tubes for electric wires and cables; measuring device for measuring amount of solute remaining in solution and amount of solution using electromagnetic waves; electric wire and cable with flexible storage guide support; apparatus and instruments for charging batteries used for electric vehicles; electrical power supplies; apparatus and instruments for charging and discharging batteries and their parts and accessories; apparatus and instruments for charging and discharging batteries used for electric vehicles; bidirectional chargers and their parts and accessories; battery dischargers and their parts and accessories; electric power supply units and parts and accessories therefor; electric power supply apparatus and their parts and accessories; electric power feeders and their parts and accessories; bidirectional electric power feeders and their parts and accessories; computer software for creating, managing, editing and operating databases; computer programs for label printing; programmable logic controllers; microcontrollers; remote-controlled telemeters; remote control equipment; constant temperature incubators for laboratories; laboratory countertops; laboratory trays; dosage dispensers, not for medical use; radio-frequency identification [RFID] readers; electronic tag information readers for merchandise; laboratory furniture and equipment for the storage of physical and chemical experiments equipped with a picking device for loading and unloading and automatic rotating shelves for storage; laboratory furniture and equipment for the storage of physical and chemical experiments equipped with a picking device for loading and unloading; laboratory furniture and equipment for the storage of physical and chemical experiments with automatic rotating shelves for storage; synchronous operation control device; inverters [electricity]; electronic applied machinery and equipment for synchronous operation control; object recognition device using CCD camera other than for loading and unloading machines; CCD camera for object recognition; computer software for robot control and operation; computer programs and computer software for industrial robots and their arms; electronic pilot apparatus for the remote control of vehicles; electronic pilot apparatus for the remote control of paper feeding vehicles; electronic pilot apparatus for the remote control of paper transport vehicles.**

Cl.10; **Medical apparatus and instruments; X-ray apparatus for medical purposes.**

Cl.11; **Drying apparatus for chemical processing; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; heat exchangers for chemical processing; boilers, other than parts of non-electric prime movers or engines; air conditioners for industrial purposes; freezing machines and apparatus for industrial purposes; cooking apparatus and installations for commercial use; tap water faucets; level controlling valves for tanks; pipe line cocks; waste water treatment tanks for industrial purposes; septic tanks for industrial purposes; garbage incinerators for industrial purposes; water purifying apparatus for industrial purposes; bath fittings; refrigerator-freezers; refrigerators, cooling apparatus and freezers for medical storage purposes; cooling installations and machines; refrigerating containers; refrigerating cabinets; refrigerators for commercial purposes; power sprayers for disinfecting and deodorants [not for agricultural purposes]; freezers and refrigerators for the storage of physical and chemical experiments, equipped with a picking device for loading and unloading medical samples and automatic rotating shelves for storage; freezers and refrigerators for medical storage purposes equipped with a picking device for loading and unloading medical samples and automatic rotating shelves for storage.**

Cl.12; **Ropeways for cargo or freight handling; unloading tipplers [for tilting railway freight cars]; mine-car pushers; mine-car pullers; traction engine; non-electric prime movers for land vehicles, not including their parts; mechanical elements for land vehicles; anti-theft alarms for vehicles; wheel chairs; AC motors or DC motors for land vehicles, not including their parts; vessels and their parts and fittings; aircraft and their parts and fittings; railway rolling stock and their parts and fittings; automobiles and their parts and fittings; two-wheeled motor vehicles, bicycles and their parts and fittings; baby carriage [prams]; trolleys; carts; riyakah [two-wheeled carts]; shafts, axles or spindles, machine elements for land vehicles; bearings, machine elements for land vehicles; shaft couplings or connectors, machine elements for land vehicles; power transmissions and gearing, machine elements for land vehicles; shock absorbers, machine elements for land vehicles; springs, machine elements for land vehicles; brakes, machine elements for land vehicles; vessels and their parts and fittings, other than air cushion vehicles; remote control vehicles, other than toys; automatic guided vehicles; speed change gears, machine elements for land vehicles; reduction gears, machine elements for land vehicles; vehicles for locomotion by land, air, water or rail; driving chains for land vehicles; automatically guided [driverless] material handling tractors; roll cage trolleys; drive chains for land vehicles; automobiles, buses, trucks and their parts and accessories; automatic guided vehicle operated remotely; remotely operated automatic guided vehicles; remotely operated automatic guided vehicle for paper feeding; automatic guided vehicle for paper feeding; remotely operated unmanned paper transport vehicle that has the function of automatically loading and unloading paper onto a rotary press; unmanned automatic roll paper transport vehicle with the function of automatically loading and unloading roll paper into a rotary press; brake cables for vehicles.**

Cl.17; **Gaskets; junctions for pipes, not of metal; joint packings; plastic semi-worked products; waterproof packings; plastic film, other than for wrapping; flexible hoses, not of metal; insulators for cables; synthetic rubber.**

Cl.20; **Loading pallets, not of metal; reservoirs, not of metal nor of masonry; tanks, not of metal nor of masonry; containers for transport, not of metal; non-metallic tool boxes, sold empty; metal-substitute plastic fasteners; nails, wedges, nuts, screws, tacks, bolts, rivets and casters, not of metal; washers, not of metal, not of rubber or vulcanized fiber; shelves for storage; storage racks; storage cabinets or storage shelving units equipped with picking devices for loading and unloading and automatic rotating shelves for storage, for use with medicine and medical apparatus and instruments; storage cabinets or storage shelving units equipped with picking devices for loading and unloading for use with medicine and medical apparatus and instruments; storage cabinets or storage shelving units equipped with an automatic carousel for storage of medicine and medical apparatus and instruments; storage cabinets and their parts and accessories for use with medicine and medical apparatus and instruments.**

Cl.35; **Import-export agency services; document copying services; office functions, namely filing, in particular documents or magnetic tapes; compilation of information into computer databases; providing business assistance to others in the operation of data processing apparatus namely, computers, typewriters, telex machines and other similar office machines; reception services for visitors in buildings [office functions]; leasing of typewriters and copying machines; retail services or wholesale services for automobiles; retail services or wholesale services for two-wheeled motor vehicles; retail services or wholesale services for bicycles; retail services or wholesale services for electrical machinery and apparatus; retail services or wholesale services for bladed or pointed hand tools, hand tools and metal hardware; retail services or wholesale services for paper and stationery; retail services or wholesale services for photographic machines and apparatus and photographic supplies; retail services or wholesale services for building materials; retail services or wholesale services for food and beverages except sake, shochu (spirits), sake substitutes, Japanese sweet rice-based mixed liquor (shiro-zake), naoshi [Japanese liquor], Japanese shochu-based mixed liquor [mirin], beers, western liquors in general, alcoholic fruit beverages, Japanese shochu-based beverages [chuhai], Chinese liquors in general, flavored liquors, sweets, confectionery and snacks, bread, buns, sandwiches, steamed buns stuffed with minced meat [chuka-manjuh], hamburgers [sandwiches], pizzas, hot dog sandwiches, meat pies, meat for human consumption [fresh, chilled or frozen], eggs, fresh, chilled or frozen edible aquatic animals (not live), edible aquatic animals, live, coffee beans, processed meat products, processed seafood products, processed vegetables and fruits, chocolate spread, fried tofu pieces [abura-age], freeze-dried tofu pieces [kohri-dofu], jelly made from devils" tongue root [konnyaku], soya milk, tofu, fermented soybeans [natto], Chinese stuffed dumplings [gyoza, cooked], Chinese steamed dumplings [shumai, cooked], sushi, fried balls of batter mix with small pieces of octopus [takoyaki], boxed lunches consisting of rice, with added meat, fish or vegetables, ravioli, processed eggs, yeast powder, koji [fermented malted rice], yeast, baking powder, instant confectionery mixes, pre-cooked curry dishes, pre-cooked curry stew, stew and soup mixes, pasta sauce, dried flakes of laver for sprinkling on rice in hot water [ochazuke-nori], furi-kake [dried flakes of fish, meat, vegetables or seaweed], side-dish made of fermented soybean [name-mono], by-product of rice for food [sake lees], dietary supplements for human beings, dietetic beverages adapted for medical purposes, dietetic foods adapted for medical purposes, flour and starch for industrial purposes and edible flour; retail services or wholesale services for sea food except edible aquatic animals; retail services or wholesale services for vegetables and fruits; retail services or wholesale services for rice and cereals except flour and starch for industrial purposes and edible flour; retail services or wholesale services for milk; retail services or wholesale services for carbonated drinks [refreshing beverages] and non-alcoholic fruit juice beverages; retail services or wholesale services for tea, coffee and cocoa; retail services or wholesale services for processed food except processed meat products, processed seafood products, processed vegetables and fruits, chocolate spread, fried tofu pieces [abura-age], freeze-dried tofu pieces [kohri-dofu], jelly made from devils" tongue root [konnyaku], soya milk, tofu, fermented soybeans [natto], Chinese stuffed dumplings [gyoza, cooked], Chinese steamed dumplings [shumai, cooked], sushi, fried balls of batter mix with small pieces of octopus [takoyaki], boxed lunches consisting of rice, with added meat, fish or vegetables, ravioli, processed eggs, yeast powder, koji [fermented malted rice], yeast, baking powder, instant confectionery mixes, pre-cooked curry dishes, pre-cooked curry stew, stew and soup mixes, pasta sauce, dried flakes of laver for sprinkling on rice in hot water [ochazuke-nori], furi-kake [dried flakes of fish, meat, vegetables or seaweed], side-dish made of fermented soybean [name-mono], by-product of rice for food [sake lees], dietary supplements for human beings, dietetic beverages adapted for medical purposes and dietetic foods adapted for medical purposes; arranging newspaper subscriptions for others; leasing of marketing materials; providing commercial information and advice for consumers in the choice of products and services; providing information about newspaper articles being news clipping services; retail services or wholesale services for pharmaceutical, veterinary and sanitary preparations and medical supplies; retail services or wholesale services for agricultural machines, implements and supplies except dietary supplements for animals and animal foodstuffs.**

Cl.37; **Construction services; operation and maintenance of building equipment; shipbuilding; repair or maintenance of vessels; aircraft repair or maintenance; repair of bicycles; repair or maintenance of automobiles; repair or maintenance of railway rolling stock and providing information relating thereto; repair or maintenance of two-wheeled motor vehicles; repair or maintenance of cinematographic machines and apparatus; repair or maintenance of optical machines and apparatus; repair or maintenance of photographic machines and apparatus; repair or maintenance of loading-unloading**

machines and apparatus; repair or maintenance of air conditioners for industrial purposes; repair or maintenance of burners; repair or maintenance of boilers; repair or maintenance of pumps; repair or maintenance of freezing machines and apparatus for industrial purposes; repair or maintenance of electronic machines and apparatus; repair or maintenance of telecommunication machines and apparatus; repair or maintenance of telecommunication machines and apparatus [other than telephone apparatus, radio receivers and television receivers]; repair or maintenance of construction machines and apparatus; repair or maintenance of electric motors; repair or maintenance of power distribution or control machines and apparatus; repair or maintenance of power generators; repair or maintenance of laboratory apparatus and instruments; repair or maintenance of measuring and testing machines and instruments; repair or maintenance of medical apparatus and instruments; repair or maintenance of printing or bookbinding machines and apparatus; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of glassware manufacturing machines and apparatus; repair or maintenance of fishing machines and instruments; repair or maintenance of metalworking machines and tools; repair or maintenance of industrial furnaces; repair or maintenance of mining machines and apparatus; repair or maintenance of integrated circuits manufacturing machines; repair or maintenance of semiconductor manufacturing machines; repair or maintenance of machines and apparatus for processing foods or beverages; repair or maintenance of machines and apparatus for lumbering, woodworking, or veneer or plywood making; repair or maintenance of textile machines and apparatus; repair or maintenance of agricultural machines and implements; repair or maintenance of plowing machines and implements, other than hand-held tools; repair or maintenance of cultivating machines and implements; repair or maintenance of harvesting machines and implements; repair or maintenance of plant fiber processing machines and implements; repair or maintenance of fodder presses; repair or maintenance of fodder cutting machines; repair or maintenance of fodder mixing machines; repair or maintenance of cake-fodder crushing machines; repair or maintenance of machines and apparatus for pulp-making, papermaking or paper-working; repair or maintenance of plastic processing machines and apparatus; repair or maintenance of packaging or wrapping machines and apparatus; repair or maintenance of reservoirs; repair or maintenance of mechanical parking systems; repair or maintenance of bicycle parking apparatus; repair or maintenance of cooking apparatus for industrial purposes; repair or maintenance of industrial dishwashers; repair or maintenance of electric washing machines for industrial purposes; repair or maintenance of vehicle washing installations; repair or maintenance of water pollution control equipment; repair or maintenance of water purifying apparatus for industrial purposes; repair or maintenance of waste compacting machines and apparatus for industrial purposes; repair or maintenance of waste crushing machines for industrial purposes; repair or maintenance of chemical plants; repair or maintenance of nuclear power plants; repair or maintenance of non-electric prime movers, not for land vehicles; repair or maintenance of machine elements, not for land vehicles; repair or maintenance of chains for loading-unloading machines and apparatus; repair or maintenance of chains for power shift transmissions not for land vehicles; repair or maintenance of cable and hose guides for protecting and guiding movable cables or hoses in machinery; repair or maintenance of flexible supporting devices for storing and guiding cables or hoses; repair or maintenance of electric wires and cables; repair or maintenance of reduction gears, not for land vehicles; repair or maintenance of speed change gears, not for land vehicles; repair or maintenance of electric cylinders, other than for land vehicles; repair or maintenance of pneumatic or hydraulic linear actuators, other than for land vehicles; repair or maintenance of ball screw; repair or maintenance of ball spline, other than for land vehicles; repair or maintenance of couplings; repair or maintenance of shafts, couplings or connectors, not for land vehicles; repair or maintenance of clutch mechanisms, other than for land vehicles; repair or maintenance of mechanical overload protection devices, not for land vehicles; repair or maintenance of electrical overload protection devices; repair or maintenance of shock absorbers, not for land vehicles; construction consultancy; repair or maintenance of firearms; repair or maintenance of rubber-goods manufacturing machines and apparatus; repair or maintenance of tobacco processing machines; repair or maintenance of painting machines and apparatus and providing information relating thereto; repair or maintenance of amusement machines and apparatus; construction of greenhouses; repair or maintenance of agricultural machines and implements and providing information relating thereto; charging electric vehicles such as electric cars and bicycles with electric motors.

Cl.39;Electricity distribution; water supply and distribution services; distribution of heat; distribution of gas; provision of information on electricity, gas and water supply; supply of energy and distribution of electricity; supply of electricity by means of power generation equipment; supply of electricity using vehicle batteries; transportation logistics; consultancy relating to the storage and transportation of goods; consultancy relating to rental of warehouse space; providing information relating to the rental of warehouse space; rental of warehouse space; warehouse storage; rental of warehouses; freight warehousing; storage of international cargo and air freight; warehousing services; logistics services consisting of the storage, transportation and delivery of goods; supply chain logistics and reverse logistics services consisting of the storage, transportation and delivery of freight; sorting of cargo in warehouse storage facilities; storage of cargo in warehouses; freight sorting and handling in warehouse; storage of freight in warehouses; freight handling and freight sorting in warehouse; warehousing services relating to the storage, packaging and dispatch of goods; tracking of transport vehicles by computer [transport information]; rental of motor vehicles, ships and aircraft; rental of electric bicycles; rental of loading-unloading machines and apparatus; rental of gasoline station equipment namely rental of equipment for the storage and supply of gas, electricity and hydrogen; rental of mechanical parking systems; rental of freezers for household purposes; rental of refrigerator for household purposes; rental of aircraft engines; rental of freezing machines and apparatus for industrial purposes; collection of waste and trash; operating parking lots; provision of parking spaces; vehicle-driving services.

Cl.42;Designing of machines, apparatus, instruments [including their parts] or systems composed of such machines, apparatus and instruments; design services; computer software design, computer programming, or maintenance of computer software; technological advice relating to computers, automobiles and industrial machines; testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs; research on building construction or city planning; testing or research on prevention of pollution; testing or research on electricity; testing or research on civil engineering; testing, inspection or research on agriculture, livestock breeding or fisheries; testing or research on machines, apparatus and instruments; leasing of measuring apparatus; rental of computers; providing computer programs on data networks; rental of laboratory apparatus and instruments; quality control; material testing; industrial design; provision of technical information in relation to computers; technological research; user authentication services using technology for e-commerce transactions; provision of technical information in relation to industrial products via the internet homepage and electronic billboard; online user authentication services and providing information relating thereto; leasing of word processors.

computer technology advice on programming and software installations, repair and maintenance provided to internet users by means of a support hotline; computer support services [programming and software installation, repair and maintenance services] relating to creating indexes of information, sites and resources on computer networks; providing search engines; design of computers, notebook computers, laptop computers, portable computers and handheld computers; design of personal digital assistants and personal media players; design of mobile telephones and smart phones; design of digital cameras; information technology (IT) services (computer hardware, software and peripherals design and technical consultancy); computer support services (programming and software installation, repair and maintenance services); computer programming; computer system integration services; computer analysis services; computer programming in relation to the defence against virus; programming, installation, repair and maintenance of computer system software; computer network services for exchanging of data; computer software design; computer system design; design and development of webpages; hosting webpages for others; hosting computer application software for searching and retrieving information from databases and computer networks; cloud computing; providing on-line non-downloadable computer software and computer applications for streaming audio materials, video materials, videos, music and images; providing technical information relating to computer support services (programming and software installation, repair and maintenance services) at the specific request of end-users by means of telephone or global computer network; consultancy services in relation to computer software; design and development of search engines; design of computer codes; development of computer codes; coding of messages; conversion of physical data and documents into electronic media format; testing and evaluation services, namely, material quality evaluation and testing, commissioning (testing and inspection) services, product quality evaluation, product testing, safety evaluation, environmental testing, industrial testing, quality testing, laboratory testing services, testing of computer programs, testing of computers, testing of computer installations; information services relating to information technology; computer security services (testing and risk assessment of computer programs); computer security services (testing and risk assessment of computer networks); quality assurance services; computer technological services in relation to the verification of online business transactions; computer security services relating to providing access control to computers, electronic networks and databases; data security services (firewalls) relating to data transmission and of transactions via computer networks; consultancy in the field of computer security; technological consultancy in the field of computer security relating to securing computer network communications by means of a global computer network; computerized communication network security services; providing information in the fields of internet, world wide web and computerized communication network security and computer security for the transmission of data and information; consulting services in the fields of internet, world wide web and computerized communication network security services, information security services, computer security for the transmission of data and information; authentication services for computer security; online authentication of electronic signatures; off-site data backup; electronic storage of data; providing information on computer technology and programming via a website; cartography services; rental of entertainment software; architectural and design services; interior designing of buildings, offices and apartments; text, image, audio file, video and software code processing software design; consultancy in the field of artificial intelligence technology; research in the field of artificial intelligence technology; artificial intelligence as a service (aiaas) services featuring software using artificial intelligence for facial and speech recognition, use in database management, machine learning; advanced product research in the field of artificial intelligence; technical consulting in the field of monitoring technological functions of humanoid robots with artificial intelligence; technical consulting in the field of artificial intelligence (AI) software customization; application service provider (ASP) featuring software using artificial intelligence for use in the creation, management, editing and modifying of text, images, audio files, videos, software code; application service provider (ASP) featuring software using artificial intelligence for use in market data analysis, financial analysis, investment analysis, legal analysis, health analysis; application service provider (ASP) featuring software using artificial intelligence for use in software development, machine learning, facial and speech recognition; creating, maintaining and hosting a website featuring non-downloadable software using artificial intelligence for use in software development, machine learning, facial and speech recognition; creating, maintaining and hosting a website featuring non-downloadable software using artificial intelligence for use in the creation, management, editing and modifying of text, images, audio files, videos, software code; creating, maintaining and hosting a website featuring non-downloadable software using artificial intelligence for use in market data analysis, financial analysis, investment analysis, legal analysis, health analysis; software as a service (SaaS) services featuring software using artificial intelligence for use in software development, machine learning, facial and speech recognition; software as a service (SaaS) services featuring software using artificial intelligence for use in the creation, management, editing and modifying of text, images, audio files, videos, software code; software as a service (SaaS) services featuring software using artificial intelligence for use in market data analysis, financial analysis, investment analysis, legal analysis, health analysis; research in the field of deep learning; rental of computer software for collecting, analyzing and organizing data in the field of deep learning; providing temporary use of online non-downloadable computer software for collecting, analyzing and organizing data in the field of deep learning; consultancy, information and advisory services relating to the aforesaid services; all included in this class.

Cl.7;Machine tools; machines for painting, gluing, welding, punching, cutting and machining; spray guns for paint and distribution of glue; vulcanization, lifting and brazing apparatus, soldering apparatus included in this class, vaporization apparatus, apparatus for machining and mechanical tools for the automobile industry and the production of parts for motor vehicles; anti-pollution devices for engines; electric, pneumatic and hydraulic devices for opening vehicle doors and windows; vending machines; robots for the automotive industry and the manufacture of parts for motor vehicles; industrial presses for the manufacture of parts for motor vehicles; molds (parts of machines) for the automotive industry and for the manufacture of parts for motor vehicles; electric machines and apparatus for cleaning; sweeping machines; road construction machines, bulldozers, snow plows as well as rubber treads as parts of the tracks of such vehicles; 3D printers; compression molding machines; injection molding machines; extrusion molding machines; electricity generators; filament winding machines intended for use in the manufacture of hydrogen tanks; roof opening mechanisms for vehicles; valves, canisters, filters and modules for pumping, gauging, filtration, pressure regulation, mechanical, thermal or chemical protection; components, parts of vehicles, systems, control units and vehicle modules included in this class, namely, all parts relating to de-pollution.

Cl.9;On-board computers for vehicles; Registered on-board computer and calculator programs; software (recorded programs); artificial intelligence software; systems for detecting, processing, signaling and following stationary and moving objects around a vehicle; on-board electronic driving assistance systems; advanced driver assistance systems for vehicles, namely, adaptive cruise control, lane departure controls and alarm, blind spot detection controls and alarm, and controls and alarms reducing the risk of collisions and accidents; electronic control devices for vehicle driving assistance; autonomous and semi-autonomous driving control systems for vehicles; autonomous and semi-autonomous driving systems featuring interactive displays; electronic apparatus intended for vehicle driving assistance; computer software and computer hardware for use in relation to advanced driving assistance systems; computer software and computer hardware for controlling, operating, driving and monitoring vehicles; computer software and computer hardware enabling object detection, object classification and high-definition mapping; computer software and computer hardware for data acquisition and data analysis; computer software and computer hardware for collecting and analyzing data generated by external sources and vehicle sensors; computer software and computer hardware for transmitting data in a vehicle and for communications between and among vehicles and a cloud platform; computer software and computer hardware enabling interaction and interfacing between vehicles and mobile devices; computer software for coordinating delivery, freight and transportation services by automated vehicles; gasoline gauges; electric control apparatus used in the field of mobility; simulators for controlling vehicles; electric monitoring apparatus used in the field of mobility; voltage regulators for vehicles; sensors; electromagnetic sensor for determining the speed, angle, distance, volume and nature of an object; radars and antennas integrated into vehicle body parts for parking assistance and driving assistance; waveguides for electromagnetic wave propagation; antennas for reception, antennas for transmission of images, sounds and data; transmitters of electronic signals; electronic signal receivers; light detection and ranging [LIDAR] apparatus for vehicles; road-marking detection apparatus; navigation apparatus for vehicles (on-board computers); electronic apparatus for vehicle parking assistance; electronic apparatus for detecting and warning of continuous or discontinuous line crossing for vehicles; electronic apparatus for detecting, recognizing and reading road traffic signs; battery modules; electric batteries; electric batteries for vehicles; battery packs for vehicles; fuel cells for vehicles; electric accumulators for vehicles; power supply units for vehicles [batteries]; containers for vehicle accumulators [batteries]; battery boxes for vehicles; cooling system for electric vehicle batteries; cooling plates for electric vehicle batteries; control units, sensors and actuators used to control, monitor, regulate and diagnose, on board vehicles, systems, modules and components relating to the production, storage, supply and transformation of energy, and the decontamination of vehicles; on-board computer and calculator programs and software for the control, monitoring, regulation and diagnosis, on board vehicles,

of systems, modules, control units and vehicle components relating to the production, storage, supply and conversion of energy, and the decontamination of vehicles; electric and electronic weighing, measuring and checking apparatus and instruments used in the field of mobility; apparatus and instruments for sound, image and data recording, transmission, reproduction and processing; apparatus for reading, recording, transmitting and reproducing data; electronic devices for digital display; electronic notice boards; computerized visual display units; vehicle fuses; junction boxes [electricity] for vehicle batteries; electric control devices for energy management for vehicles; apparatus for analyzing light sources for vehicles; apparatus for analyzing light intensity variation for vehicles; apparatus for analyzing light source variation for vehicles; light source sensors for vehicles; light intensity variation sensors for vehicles; light source variation sensors for vehicles; equipment for communication via Internet link or similar equipment and for data display inside a vehicle; electric, electronic or optical equipment, on board vehicles, including land vehicles, for steering, signaling, controlling, for information, safety as well as processing of information and signals (sounds, images, data) related thereto; electronic management systems for lighting and signaling and cameras; in-vehicle cameras; vehicle reversing cameras; multi-camera systems for vehicles; image processing software for on-board vehicle cameras; facial analysis software; gesture recognition software; software programmed to optimize filament winding; downloadable security software; software for network security and computer units; on-board vehicle surveillance devices and systems, for detecting and analyzing driver and passenger behaviors and emotions, and to warn them of danger and improve their driving experiences; electronic systems for controlling the filling of fuel tanks; electronic systems for controlling the filling of hydrogen tanks; electronic systems for controlling and monitoring the charging and performance of vehicle batteries; electronic systems for controlling and monitoring the charging and performance of vehicle fuel cells; electronic systems for controlling and monitoring the performance status of high-pressure hydrogen tanks; photovoltaic energy accumulators used in the field of mobility; photovoltaic cells used in the field of mobility; photovoltaic inverters used in the field of mobility; DC-DC converter, namely, electronic power circuits enabling the conversion of a direct current (DC) source of one specified voltage level to a different level; system for activating lighting apparatus by electronic devices for reading, transmitting and processing data emitted by a vehicle; Chargers for electric cars; charger cover for electric cars; vehicle dashboard indicator lights; apparatus for controlling the temperature of fuel batteries and cells; temperature regulators for fuel batteries and cells; energy conversion apparatus for vehicles; components, parts of vehicles, systems, control units and vehicle modules included in this class, namely, all parts relating to the production, storage, supply and conversion of any form of energy on board the vehicles.

Cl.11;Lighting apparatus for vehicles; lighting apparatus for vehicle decoration; vehicle headlights; lights for vehicles; parking lights for vehicles; light bulbs for directional signals for vehicles; anti-glare devices for vehicles [lamp fittings]; anti-glare lighting systems for other drivers; lighting systems for automatic activation and deactivation of high beam when approaching another vehicle; lighting systems for automatic activation and deactivation of high beam when approaching a pedestrian; lighting systems for automatic activation and deactivation of high beam when approaching a lit section of road; heating apparatus for defrosting windows of vehicles; defrosters for vehicles; heaters for vehicles; demisting heating apparatus for vehicles; polymerization installations; heating polymerization units; activation system for lighting, heating and drying apparatus triggered by electronic devices for reading, transmitting and processing data emitted by a vehicle; lighting for display purposes inside and outside a vehicle; vehicle dashboard bulbs.

Cl.12;Vehicles; apparatus for locomotion by land, air or water; motor vehicles, motorcycles, vans, trucks; electric motor vehicles; hybrid automobile; all-terrain vehicles; buses; heavy-duty vehicles; tramcar; trains; airplanes; helicopters; rotorcraft; aircraft; dirigible balloons (airships); drones; boats; ships; seaplanes; parts of vehicles; parts and components for vehicles namely bodywork parts, bodywork component parts, bumpers, shields, hoods, tailgates, doors, fenders, fender extensions, protective panels, spoilers, roofs, trunk floor, vehicle front casing, floor, shock absorber; modules (parts) of vehicles; structural elements for motor vehicles; aerodynamic elements for vehicles, deflectors, spoilers, air guides for vehicles; grille; vehicle chassis; fuel tanks for vehicles; hydrogen tanks for vehicles; caps for vehicle gasoline tanks; fuel tanks (all types of fuel) for land vehicles; vehicle dashboards.

Cl.13;Pyrophoric substances; pyrotechnic products.

Cl.17;Dielectrics [insulators]; non-metal tubes for dispensing cooling fluids in batteries; non-metal tubes for dispensing hydrogen, water, air and coolants in fuel cells; non-metal flexible tubing [parts of engines for land vehicles]; non-metal flexible tubing for dispensing hydrogen inside land vehicles; non-metal automotive flexible tubing for pumping, calibration, filtering, pressure regulation, chemical, thermal or mechanical protection.

Cl.20;Tanks not of metal nor masonry; hydrogen tanks not of metal; fuel tanks, not of metal, other than for vehicles.

Cl.35;Business organization consultancy; consultancy services in business management; assistance in business management and business consulting for companies; compilation of statistical reports and market studies; computer data management; collection and systematization of data in a central file; Wholesale and retail services for the following products: thermal paste, paints, varnishes, lacquers, anti-rust products, colorants, dyes, printing inks, marking inks and engraving inks, oil for electric motors, metal containers for storage or transport, metal hydrogen tanks other than for vehicles, metal fuel tanks other than for vehicles, metal industrial containers for packaging vehicle batteries, machine tools, machines for painting, gluing, welding, punching, cutting and machining, guns for painting and dispensing glue, vulcanization, lifting, brazing apparatus, welding apparatus included in this class, vaporization apparatus, apparatus for machining and mechanical tools for the automotive industry and the manufacture of parts for automobiles, anti-pollution devices for motors and engines, electric, pneumatic and hydraulic devices for opening vehicle doors and windows, automatic vending machines, robots for the automobile industry and the manufacture of parts for automobiles, industrial presses for the manufacture of parts for automobiles, molds [parts of machines] for the automobile industry and for the manufacture of automobile parts, electric cleaning machines and apparatus, sweeping machines, road making machines, bulldozers, snow plows as well as rubber treads as parts of tracks of such vehicles, 3D printers, compression molding machines, injection molding machines, extrusion molding machines, electricity generators, filament winding machines intended for use in the manufacture of hydrogen tanks, adaptive cruise control, lane tracking controls and alarm, blind spot detection controls and alarm, and collision and accident risk controls and alarms, electronic control devices for vehicle driving assistance, autonomous and semi-autonomous driving control systems for vehicles, autonomous and semi-autonomous driving systems with interactive displays, electronic apparatus intended for use in driving vehicles, computer software and computer hardware for use in relation to advanced driver assistance systems, computer software and computer hardware for controlling, operating, driving and monitoring vehicles, computer software and computer hardware enabling object detection, object classification and high-definition mapping, computer software and computer hardware for data acquisition and data analysis, computer software and computer hardware for collecting and analyzing data generated by external sources and vehicle sensors, computer software and computer hardware for the transmission of data in a vehicle and for communications between and among vehicles and a cloud-based platform, computer software

and computer hardware enabling interaction and interfacing between vehicles and mobile devices, computer software for coordinating delivery services, freight and transport by automated vehicles, gasoline gauges, electric control apparatus for use in the field of mobility, simulators for controlling vehicles, electric monitoring apparatus used in the field of mobility, voltage regulators for vehicles, sensors, electromagnetic sensors for determining the speed, angle, distance, volume and nature of an object, radars and antennas integrated in vehicle bodywork parts for parking assistance and driving assistance, waveguides for electromagnetic wave propagation, reception antennas, antennas for emitting images, sound and data, electronic signal transmitters, electronic signal receivers, light detection and ranging [LIDAR] apparatus for vehicles, ground marking detection apparatus, navigation apparatus for vehicles [on-board computers], electronic apparatus for vehicle parking assistance, electronic apparatus for detecting and warning of continuous or non-continuous line crossing for vehicles, electronic apparatus for detecting, recognizing and reading road traffic signs, battery modules, electric batteries, electric batteries for vehicles, battery packs for vehicles, fuel cells for vehicles, electric accumulators for vehicles, electric power supply units for vehicles [batteries], containers for vehicle accumulators [batteries], battery boxes for vehicles, cooling system for electric batteries for vehicles, cooling plates for electric batteries for vehicles, control units, sensors and actuators on board vehicles used for controlling, monitoring, regulating and diagnosing systems, modules and components relating to the production, storage, supply and conversion of energy, as well as pollution control of vehicles, vehicle on-board computer programs and calculators and software for controlling, monitoring, regulating and diagnosing vehicle systems, modules, control units and components relating to the production, storage, supply and conversion of energy, as well as the pollution control of vehicles, electric and electronic weighing, measuring and checking apparatus and instruments used in the field of mobility, apparatus and instruments for recording, transmitting, reproducing and processing sound, images and data, apparatus for reading, recording, transmitting and reproducing data, electronic digital display devices, electronic notice boards, computerized visual display units, vehicle fuses, junction boxes [electricity] for vehicle batteries, electric control devices for energy management for vehicles, apparatus for analyzing light sources for vehicles, apparatus for analyzing light intensity variation for vehicles, apparatus for analyzing light source variation for vehicles, light source sensors for vehicles, light intensity variation sensors for vehicles, light source variation sensors for vehicles, equipment for communication via Internet link or similar equipment and data display inside the vehicle, electric, electronic or optical equipment, on board vehicles, including land vehicles, for conducting, signaling, controlling, information, safety as well as processing information and signals [sounds, images, data] relating thereto, electronic lighting and signaling management system and cameras, vehicle on-board cameras, rearview cameras for vehicles, multi-camera systems for vehicles, image processing software for in-vehicle cameras, facial analysis software, gesture recognition software, programmed software to optimize filament winding, downloadable computer security software, software for the security of computer networks and units, vehicle on-board monitoring devices and systems, enabling the detection and analysis of driver and passenger behaviors and emotions, and preventing danger and improving their driving experiences, electronic systems for controlling fuel tank filling, electronic systems for controlling hydrogen tank filling, electronic systems for controlling and monitoring the charging and performance of vehicle batteries, electronic systems for controlling and monitoring the charging and performance of vehicle fuel cells, electronic systems for controlling and monitoring the performance of high-pressure hydrogen tanks, photovoltaic energy accumulators for use in the field of mobility, photovoltaic cells used in the field of mobility, photovoltaic inverters used in the field of mobility, DC-DC converter, namely power electronics circuit for converting a direct current source [DC] of a specific voltage level to a different level, system for activating lighting apparatus by electronic devices for reading, transmitting and processing data emitted by a vehicle, chargers for electric cars, covers for electric car chargers, dashboard indicator lights for vehicles, temperature control apparatus for batteries and fuel cells, temperature regulators for batteries and fuel cells, lighting apparatus for vehicles, lighting apparatus for vehicle decoration, vehicle headlights, lights for vehicles, position lights for vehicles, directional signal light bulbs for vehicles, anti-glare devices for vehicles [lamp fittings], anti-glare lighting systems for other drivers, lighting systems to automatically activate and deactivate high beam when approaching another vehicle, lighting systems to automatically activate and deactivate high beam when approaching a pedestrian, lighting systems to automatically activate and deactivate high beam when approaching a lit section of road, heating apparatus for defrosting vehicle windows, defrosters for vehicles, heating installations for vehicles, anti-fog heating devices for vehicles, polymerization installations, heating polymerization units, activation system for lighting, heating and drying apparatus triggered by electronic devices for reading, transmitting and processing data emitted by a vehicles, lighting for display purposes inside and outside a vehicle, vehicle dashboard bulbs, vehicles, apparatus for locomotion by land air or water, motor vehicles, motorcycles, vans, trucks, electric motor vehicles, hybrid cars, all-terrain vehicles, buses, heavy-duty vehicles, tramcars, trains, airplanes, helicopters, rotorcraft, aircraft, airships, drones, boats, ships, seaplanes, constituent parts of vehicles, parts and components for vehicles namely bodywork parts, component parts of bodyworks, bumpers, shields, hoods, tailgates, doors, fenders, fender extensions, protective panels, spoilers, roofs, trunk floor, automobile front casing, floor, shock absorber, vehicle modules, roof opening mechanisms for vehicles, structural elements for motor vehicles, aerodynamic elements for vehicles, deflector, spoiler, air guide for vehicles, grille, vehicle chassis, fuel tanks for vehicles, hydrogen tanks for vehicles, caps for vehicle gas tanks, components, component parts of vehicles, systems, vehicle control units and modules included in this class, components, component parts of vehicles, systems, vehicle control units and modules included in this class namely all parts relating to the production, storage, supply and conversion of all forms of energy on board vehicles, as well as pollution control, tanks, tubing, valves, canisters, filters and modules for pumping, gauging, filtering, pressure regulation, mechanical, thermal or chemical protection, energy conversion apparatus for vehicles, vehicle dashboards, pyrophoric substances, pyrotechnic products, pyrophoric substances, pyrotechnic products, dielectrics [insulators], non-metal tubes for dispensing coolants in batteries, non-metal tubes for the distribution of hydrogen fluids, water, air and coolants in fuel cells, tanks, not made of metal nor of masonry, non-metal hydrogen tanks, non-metal fuel tanks other than for vehicles.

Cl.37;Vehicle maintenance; vehicle lubrication [greasing]; Installing exterior, interior and mechanical parts of vehicles for personalization purposes [tuning]; vehicle washing; vehicle cleaning; vehicle polishing; repair services in the case of vehicle breakdown; anti-rust treatment for vehicles; charging of vehicle batteries; electric vehicle charging; maintenance, installation and replacement constituent parts of vehicles, parts and components for vehicles namely bodywork parts, component parts of bodyworks, bumpers, shields, hoods, tailgates, doors, fenders, fender extensions, protective panels, spoilers, roofs, trunk floor, automobile front casing, floor, shock absorber, vehicle modules, roof opening mechanisms for vehicles, structural elements for motor vehicles, aerodynamic elements for vehicles, deflector, spoiler, air guide for vehicles, grille, vehicle chassis, fuel tanks for vehicles, hydrogen tanks for vehicles, caps for vehicle gas tanks, components, component parts of vehicles, systems, vehicle control units and modules, components, component parts of vehicles, systems, vehicle control units and modules namely all parts relating to the production, storage, supply and conversion of all forms of energy on board vehicles, as well as pollution control, tanks, tubing, valves, canisters, filters and modules for pumping, gauging, filtering, pressure regulation, mechanical, thermal or chemical protection, fuel cells for vehicles, electric batteries for vehicles, battery packs for vehicles, energy conversion apparatus for vehicles; maintenance, installation and replacement of lighting apparatus for vehicles, vehicle headlights, lights for vehicles, position lights for vehicles, directional signal light bulbs for vehicles, anti-glare devices for vehicles [lamp fittings], anti-frost heating

apparatus for vehicle windows, defrosters for vehicles, heating installations for vehicles, anti-fog heating devices for vehicles, polymerization installations, heating polymerization units.

Cl.38;Telecommunications; communications by computer terminals; providing access to databases; electronic transmission of data related to land vehicles; rental of telecommunication equipment; telecommunications services for radio location and identification of land vehicles; radio, telephone communications; message transmission; providing private access to computer databases.

Cl.39;Collecting end-of-life batteries and fuel cells.

Cl.40;Treating plastics, metals, composite materials; recycling services for plastic materials; printing services; 3D printing to order for third parties; die casting services; die-casting of metals; molding of synthetic products; engraving; laser engraving; polymerization; custom manufacture of automobiles and automobile parts; recycling end-of-life fuel batteries and cells.

Cl.42;Technical planning and technical advice; work planning (engineers' services) and technical project planning; technical advice services with respect to environmental protection; industrial analysis services; industrial analysis and consultation services with respect to environmental protection and conservation; scientific and technological information and technical advice services in connection with environmental awareness; design, updating and rental of software and databases; design, development and updating of artificial intelligence software; research and development of new products for third parties; technical research and development; research and development in mechanics; research and development in physics; research and development in chemistry, bio-chemistry and electrochemistry; advice with respect to energy saving; research and development relating to environmental protection; testing of materials; research and development of systems, modules, components, computer programs and software for vehicles; research and development in the field of reducing vehicle weight and emissions; research and development of sensors, particularly electromagnetic sensors for determining the speed, angle, distance, volume and nature of an object; research and development of radars and antennas integrated into vehicle body parts for parking assistance and driving assistance; research and development of actuators, and control units; research and development of tooling and production lines for the automotive industry; research and development of vehicle dashboard indicators; research and development of temperature control apparatus for fuel batteries and cells; research and development of temperature regulators for fuel batteries and cells; technical advice on product development, manufacturing devices, control devices, fuel system control; technical advice in relation to controlling the filling process of fuel system tanks, measurement of fuel system emissions and vehicles as well as spare parts of the fuel system; research and development of vehicle component parts, parts and components for vehicles namely bodywork parts, bodywork component parts, bumpers, shields, hoods, tailgates, doors, fenders, fender extensions, protective panels, spoilers, roofs, trunk floor, vehicle front casing, floor, shock absorbers, vehicle modules, roof opening mechanisms for vehicles, structural elements for motor vehicles, aerodynamic elements for vehicles, deflector, spoiler, air guide for vehicles, radiator grille, vehicle chassis, fuel tanks for vehicles, hydrogen tanks for vehicles, caps for vehicle gas tanks, vehicle dashboards; research and development of vehicle components, component parts, systems, control units and modules; research and development of components, component parts of vehicles, systems, vehicle control unit and modules namely all parts relating to the production, storage, supply and conversion of all forms of energy on board vehicles, as well as pollution control; research and development of tanks, tubing, valves, canisters, filters and modules for pumping, gauging, filtering, pressure regulation, mechanical, thermal or chemical protection; research and development of fuel cells for vehicles, electric batteries for vehicles, battery packs for vehicles, battery modules and electric batteries; research and development of energy conversion apparatus for vehicles; research and development of lighting apparatus for vehicles, lighting apparatus for vehicle decoration, vehicle headlights, lights for vehicles, position lights for vehicles, directional signal light bulbs for vehicles, anti-glare devices for vehicles [lamp fittings], anti-glare lighting systems for other drivers, lighting systems to automatically activate and deactivate high beam when approaching another vehicle, lighting systems to automatically activate and deactivate high beam when approaching a pedestrian, lighting systems to automatically activate and deactivate high beam when approaching a lit section of road, heating apparatus for defrosting vehicle windows, defrosters for vehicles, heating installations for vehicles, anti-fog heating devices for vehicles, polymerization installations, heating polymerization units, activation system for lighting, heating and drying apparatus triggered by electronic devices for reading, transmitting and processing data emitted by a vehicle, lighting for display purposes inside and outside a vehicle, dashboard bulbs for vehicles; designing, developing and engineering advanced driver assistance systems, semi-automated driving systems and automated driving systems; technical research in the fields of advanced driver assistance systems, semi-automated driving systems and automated driving systems; research and development of cameras for vehicles, electronic management system for lighting and signaling and cameras, vehicle on-board cameras, rearview cameras for vehicles, multi-camera systems for vehicles; design, updating and development of image processing software for in-vehicle cameras; design, updating and development of energy management software for vehicles; design, development and updating of facial analysis software; design, development and updating of gesture recognition software; design, development and updating of programmed software for optimizing filament winding; information security services (firewalls); design, development and updating of downloadable computer security software; design, development and updating of software for the security of computer networks and units; design, development and development of Internet security programs; research and development of vehicle on-board monitoring systems and devices for detecting and analyzing driver and passenger behaviors and emotions, and to warn them of danger and improve their driving experiences; research and development of electronic systems for controlling fuel tank filling; research and development of electronic systems for controlling hydrogen tank filling; research and development of electronic systems for controlling and monitoring vehicle battery charge and performance; research and development of electronic systems for controlling and monitoring vehicle fuel cell charge and performance; research and development of electronic systems for controlling and monitoring the performance status of high-pressure hydrogen tanks; updating software via OTA (over-the-air) technology; designing and developing photovoltaic systems used in the field of mobility; research and development of DC-DC converters, namely, an electronic power circuit enabling the conversion of a direct current (DC) source of one specified voltage level to a different level; research and development of filament winding machines intended for use in the manufacture of hydrogen tanks.
