Cl.35;Business management services; Business administration; office function services; advertising, marketing and promotional services; public relations services; product demonstration and product display services; organization of trade fairs and exhibitions; administration of consumer loyalty programs; distribution of advertising, marketing and promotional material; consultancy, advice and assistance with advertising, marketing and promotion; provision and rental of advertising space, time and media; auctioneering services; rental of vending machines; business assistance, management and administrative services; corporate accounting, book keeping and auditing services; administrative support and data processing services; data processing, systematization and management; human resources management and personnel recruitment services; business consultancy and advisory services; business analysis and information services; market research; rental of office machines and equipment; retail and wholesale services in relation to clothing, footwear, headgear, and fashion accessories; retail and wholesale services in relation to leather and leather imitation; retail and wholesale services in relation to luggage, bags, wallets and all-purpose bags, umbrellas and parasols, collars, leashes and animal clothing; retail and wholesale services in relation to preserved, frozen, dried and cooked fruit and vegetables, milk, cheese, butter, yoghurt and other dairy products; retail and wholesale services in relation to coffee, tea, cocoa and coffee substitutes, chocolate, ice cream, sherbet and other edible ice, ices for cooling [frozen water]; retail and wholesale services in relation to beer, non-alcoholic beverages, mineral and aerated waters, fruit juices [drinks], syrups and other non-alcoholic preparations for making beverages; retail and wholesale services in relation to industrial, scientific and photographic chemicals and agricultural, horticultural and forestry chemicals; retail and wholesale services in relation to raw synthetic resins, raw plastics, compost, manure, fertilisers, biological preparations for industry and science, synthetic resins, and chemical intermediates; retail and wholesale services in relation to chemicals, biochemicals and reagents used in industry, science and research; retail

and wholesale services in relation to chemical preparations for cell separation and culture, chemical preparations for the purification of nucleic acids, nucleotides, fluorescent nucleotides, oligonucleotides, peptides, proteins, amino acids, organic molecules and markers for DNA/RNA synthesis; retail and wholesale services in relation to gases and gas mixtures for industrial, scientific and research purposes; retail and wholesale services in relation to chemicals and substances for the manufacture of pharmaceuticals for scientific and laboratory use; retail and wholesale services in relation to the manufacture of diagnostic products and substances for scientific and laboratory use; retail and wholesale services in relation to diagnostic products and substances, chemical analysis reagents, saline solution and reagent-coated paper, all for scientific and laboratory use; retail and wholesale services in relation to radioactive elements and isotopes for industrial, scientific and research use; retail and wholesale services in relation to radiopharmaceuticals for scientific and research use; retail and wholesale services in relation to non-medicated cosmetics and toiletry preparations, perfumery products and essential oils; retail and wholesale services in relation to body cleansing and beauty care preparations, including make-up, soaps and gels; retail and wholesale services in relation to bathing cosmetics, deodorants and antiperspirants, skin, eye and nail care products; retail and wholesale services in relation to hair preparations and treatments, shaving and depilatory preparations, cleaning and perfuming preparations, including household perfumes; retail and wholesale services in relation to pharmaceuticals, medical and veterinary preparations; retail and wholesale services in relation to hygienic products for medical use, foodstuffs and dietetic substances adapted for medical or veterinary use; retail and wholesale services in relation to food for babies, dietary supplements for humans and animals; retail and wholesale services in relation to plasters, dressing materials, material for stopping teeth and dental waxes; retail and wholesale services in relation to disinfectants, fungicides, herbicides; retail and wholesale services in relation to diagnostic substances for medical use, radiopharmaceuticals for clinical and medical use; retail and wholesale services in relation to diapers and disposable sanitary napkins of paper or cellulose; retail and wholesale services in relation to machines, machine tools, power-operated tools, engines and motorized machinery, except for land vehicles; retail and wholesale services in relation to apparatus, equipment and instruments for the production of electricity, namely electricity generators and windmills producing electricity, wind turbines connected to wind farms; retail and wholesale services in relation to turbine generating plants, namely power generating plants and their parts and components; retail and wholesale services in relation to solar power generators, machines and machine systems, including their parts and components for power generation, transformation and conversion dynamos; retail and wholesale services in relation to electric motors of all kinds, steam and gas turbines and parts thereof, electric generators and parts thereof; retail and wholesale services in relation to aircraft engines, compressors; retail and wholesale services in relation to washing and drying machines, dishwashers, waste disposals and compactors, electric tools; retail and wholesale services in relation to garden tools, electric lawn mowers, garden sprays for disinfectants and insecticides; retail and wholesale services in relation to electric hand tools and implements, blenders, centrifuges, hand-held mixers, food processors; retail and wholesale services in relation to apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; retail and wholesale services in relation to recorded and downloadable media; retail and wholesale services in relation to computer software; retail and wholesale services in relation to blank digital or analogue recording and storage media; retail and wholesale services in relation to computers and computer peripherals; retail and wholesale services in relation to digital or downloadable digital content, downloadable multimedia content; retail and wholesale services in relation to software, including games software; retail and wholesale services in relation to application software, including communication, networking and social networking software; retail and wholesale services in relation to data and file management and database software; retail and wholesale services in relation to media and publishing software; retail and wholesale services in relation to office and business applications; retail and wholesale services in relation to web and server application software, including e-commerce and e-payment software; retail and wholesale services in relation to communication devices such as computer networking and data communication equipment; retail and wholesale services in relation to point-to-point communication devices; retail and wholesale services in relation to broadcasting devices; retail and wholesale services in relation to antennas as communication devices; retail and wholesale services in relation to data storage devices and media; retail and wholesale services in relation to calculators, ticket dispensers and payment terminal devices; retail and wholesale services in relation to money dispensers and money sorting devices, including mechanisms for pre-payment devices; retail and wholesale services in relation to peripherals adapted for use with computers and other smart devices; retail and wholesale services in relation to computers and computer equipment; retail and wholesale services in relation to computer components and parts; retail and wholesale services in relation to audio-visual and photographic devices including audio devices and radio

receivers; retail and wholesale services in relation to display devices; retail and wholesale services in relation to television receivers and cinematographic and video devices; retail and wholesale services in relation to image capturing and developing devices; retail and wholesale services in relation to [optical] eyeglasses, sunglasses; retail and wholesale services in relation to safety, security, protection and signalling devices, including alarms and warning equipment; retail and wholesale services in relation to access control devices; retail and wholesale services in relation to measuring devices, including time-measuring instruments (except clocks and watches); retail and wholesale services in relation to weight-measuring instruments; retail and wholesale services in relation to distance-measuring, dimension-measuring instruments; retail and wholesale services in relation to speed measuring instruments; retail and wholesale services in relation to temperature measuring instruments; retail and wholesale services in relation to electricity measuring instruments; retail and wholesale services in relation to controllers, voltage and power regulators; retail and wholesale services in relation to data recorders, sensors, detectors and monitoring instruments; retail and wholesale services in relation to surgical, medical, dental and veterinary apparatus and instruments; retail and wholesale services in relation to mobility aids; retail and wholesale services in relation to orthopedic articles; retail and wholesale services in relation to suture materials; retail and wholesale services in relation to therapeutic and assistive devices adapted for disabled persons; retail and wholesale services in relation to massage devices; retail and wholesale services in relation to childcare equipment, devices and articles; retail and wholesale services in relation to systems comprising medical devices and accessories for the administration of measured doses of pharmaceutical preparations; retail and wholesale services in relation to medical diagnostic equipment, namely bone densitometers; retail and wholesale services in relation to ultrasound imaging equipment for medical diagnosis; retail and wholesale services in relation to imaging devices for screening and diagnostic applications for surgical planning, and parts and accessories thereof; retail and wholesale services in relation to mobile X-ray equipment; retail and wholesale services in relation to X-ray film viewers; retail and wholesale services in relation to CAT scanners for medical diagnosis; retail and wholesale services in relation to laser equipment for medical treatment; retail and wholesale services in relation to hearing aids; retail and wholesale services in relation to vehicles, apparatus for locomotion by land, air or water; retail and wholesale services of electric motors and diesel engines for land vehicles; retail and wholesale services in relation to bicycles, bicycle tires and tubes; retail and wholesale services in relation to automatic vehicles; retail and wholesale services in relation to electric bicycles; retail and wholesale services in relation to tires and tubes for vehicle tires, wheel rims [for motor vehicles]; retail and wholesale services in relation to precious metals and their alloys; retail and wholesale services in relation to jewelry, precious and semi-precious stones; retail and wholesale services in relation to clocks and chronometric instruments; retail and wholesale services in relation to pearls and imitations thereof; retail and wholesale services in relation to statues and figurines made of or coated with metals or precious or semi-precious stones, or in imitation thereof; retail and wholesale services in relation to decorative articles made of, coated with or in imitation of metals or precious or semi-precious stones; retail and wholesale services in relation to jewelry boxes and watch cases; retail and wholesale services in relation to key rings and key chains and their charms; retail and wholesale services in relation to medallions, medals; retail and wholesale services in relation to paper and cardboard; retail and wholesale services in relation to printing products; retail and wholesale services in relation to [printed] photographs; retail and wholesale services in relation to instructional material, except apparatus; retail and wholesale services in relation to plastic and paper bags, sacks, films and foils for packaging; retail and wholesale services in relation to paper and cardboard art objects and figurines, articles and materials for decorative and artistic activities, including artistic, craft and model-making equipment; retail and wholesale in relation to bags and packing, wrapping and storage articles of paper, cardboard or plastic; retail and wholesale services in relation to educational equipment; retail and wholesale services in relation to photo albums and collectors' albums; retail and wholesale services in relation to printed matter, including books; retail and wholesale services in relation to plastic bags for disposable nappies, disposable paper napkins; retail and wholesale services in relation to non-metallic building materials; retail and wholesale services in relation to non-metallic rigid building pipes; retail and wholesale services in relation to pitch, tar, bitumen and asphalt; retail and wholesale services in relation to thermoplastic building materials and building materials, including molded and extruded thermoplastic materials used as substitutes for wood, metal or glass, for supporting or covering, plastic panels for building and construction; retail and wholesale services in relation to household utensils and containers; retail and wholesale services in relation to tableware, except forks, knives and spoons; retail and wholesale services in relation to combs and sponges; retail and wholesale services in relation to brushes (except paint brushes); retail and wholesale services in relation to glassware, porcelain and earthenware; retail and wholesale services in relation to statues, figurines, works of art, made of materials such as porcelain, earthenware or glass; retail

and wholesale services in relation to household cleaning utensils; retail and wholesale services in relation to air freshening appliances; retail and wholesale services in relation to money boxes; retail and wholesale services in relation to cosmetic and toiletry utensils; retail and wholesale services in relation to games and toys; retail and wholesale services in relation to gymnastic and sporting goods; retail and wholesale services in relation to hunting and fishing equipment; retail and wholesale services in relation to swimming equipment; retail and wholesale services in relation to board games, video game apparatus, gaming machines and portable gaming devices retail store services featuring computer software capable of virtually reproducing clothing, footwear, hats and caps, leather goods, bags, sports bags, backpacks, cases, umbrellas, badges, wallets, jewelry, medals, games, toys, soft toys, sports goods, sports clothing, sports footwear, balls and other articles and equipment for sports, protective equipment for sports, vehicles, cars, bicycles, scooters, golf carts, airplanes, boats, barges, fireworks, weapons, musical instruments, sunglasses, eyewear, table and bed linen, cosmetics, perfumery, dietary supplements, horological and chronometric instruments, watches, posters, stationery, printed matter, building materials, transportable and non-transportable constructions, tires, wheel rims, vehicle accessories, helmets, headphones, telephones, mobile phone covers, Christmas tree decorations, household and kitchen utensils and containers, glassware, porcelain ware, figurines, works of art, statuettes, ready-to-eat meals, foodstuffs, drinks, collectables, all intended for use in online games and in online virtual environments or in virtual environments; operating online marketplaces relating to the purchase and sale of non-fungible tokens (NFTs) and other blockchain-based non-fungible valuables; live shopping services via the Internet using metaverse (online shopping using virtual reality or augmented reality technology) in relation to clothing, footwear, hats and caps, leather goods, bags, sports bags, backpacks, cases, umbrellas, badges, wallets, jewelry, medals, games, toys, soft toys, sports goods, sports clothing, sports footwear, balls and other articles and equipment for sport, protective equipment for sport, vehicles, cars, bicycles, scooters, golf carts, airplanes, boats, barges, fireworks, weapons, musical instruments, sunglasses, eyewear, table and bed linen, cosmetics, perfumery, dietary supplements, horological and chronometric instruments, watches, posters, stationery, printed matter, building materials, transportable and non-transportable constructions, tires, wheel rims, vehicle accessories, helmets, headphones, telephones, mobile phone covers, Christmas tree decorations, household and kitchen utensils and containers, glassware, porcelain ware, figurines, works of art, statuettes, ready-to-eat meals, foodstuffs, drinks, collectables, all intended for use in online games and in online virtual environments or in virtual environment; providing an online marketplace for the sale and exchange of downloadable digital files containing data relating to virtual goods; providing an online marketplace for the display, sale and transfer of downloadable digital files authenticated by non-fungible tokens; providing an online marketplace for buyers and sellers of downloadable digital files authenticated by non-fungible tokens; organization of online virtual trade shows; advertising promotion of virtual goods, digital collectibles and downloadable digital files authenticated by non-fungible tokens [NFTs]; software auction services capable of virtually reproducing goods, collectibles and downloadable digital files authenticated by non-fungible tokens [NFTs]; organization and conduct of events for commercial, promotional or advertising purposes in relation to virtual goods, digital collectibles and downloadable digital files authenticated by non-fungible tokens [NFTs]; commercial management of digital assets; downloadable digital file auction services authenticated by non-fungible tokens.

Cl.41;Teaching; training; entertainment services; sporting and cultural activities; publishing, editing of printed matter and writing of texts; online publishing of books and electronic trade journals; provision of non-downloadable online electronic publications; organization of conferences, exhibitions and competitions; organization of virtual sports competitions; organization of concerts; radio entertainment; television entertainment; betting and gaming services relating to sports; rental of gaming machines; organization of lotteries; on-line betting services; audio, video and multimedia program production; photography services; production of films other than advertising films; production of radio and television programmes; production of shows; sports and fitness services; sports clubs [fitness and health]; coaching [training]; rental services of equipment and facilities for education, entertainment, sport and culture; library services; rental of recorded data carriers for entertainment purposes; rental of sports equipment and facilities; rental of audio/visual and photographic equipment and facilities; translation; interpretation; information on sports and cultural events, provided online from a computer database or the Internet or from other media; ticket reservation and pre-booking services for education, entertainment and sports activities and events; conducting guided tours; assistance services for tourists in relation to planned sporting, cultural and recreational activities; music composition services; sports camp services; museum services [presentation, exhibitions]; amusement park services; education and training services relating to environmental protection; provision of digital music from the Internet; provision of sports results; organization of award ceremonies for outstanding acts or performances; organization and conduct of ceremonies in

connection with the presentation of prizes and awards; entertainment services through non-downloadable computer software that virtually reproduce clothing, footwear, hats and caps, leather goods, bags, sports bags, backpacks, cases, umbrellas, badges, wallets, jewellery, medals, games, toys, soft toys, sports goods, sports clothing, sports footwear, balls and other articles and equipment for sport, protective equipment for sport, vehicles, cars, bicycles, scooters, golf carts, aeroplanes, boats, barges, fireworks, weapons, musical instruments, sunglasses, eyewear, table and bed linen, cosmetics, perfumery, dietary supplements, horological and chronometric instruments, watches, posters, stationery, printed matter, building materials, transportable and non-transportable constructions, tyres, wheel rims, vehicle accessories, helmets, headphones, telephones, mobile phone covers, Christmas tree decorations, household and kitchen utensils and containers, glassware, porcelain ware, figurines, works of art, statuettes, ready-to-eat meals, foodstuffs, drinks, collectables, all intended for use in online games and in online virtual environments or in virtual environments; entertainment services provided in the metaverse, namely the provision of downloadable virtual goods in the form of digital animated and non-animated designs and characters, avatars, digital overlays, and skins (skins or themes) for use in online virtual environments; organization of sports events and organization of competition within virtual computer universes; arranging of competitions relating to education or entertainment provided online and/or within virtual computer worlds (metaverses); entertainment services provided in virtual environments in which users can interact for sporting, recreational, leisure or entertainment purposes; entertainment services provided in an online environment featuring streaming of sports and entertainment content and live streaming of sporting and entertainment events; entertainment services in the nature of organizing, arranging, and hosting virtual performances and sporting and entertainment events; virtual reality game services provided online from a computer network; provision of games over the Internet; physical training services simulated in virtual environments for entertainment purposes; virtual reality arcade game services; provision of online entertainment in the form of virtual sports competitions; organization of sports championships for games consisting of virtual sports teams with existing players (so-called fantasy sports); entertainment services in an online environment offering virtual tours of monuments; seat reservations for virtual or online shows and sports events; virtual seat reservations for shows and sports events broadcast online.

Cl.6;Metal tubing [parts of engines for land vehicles]; metal tubing for dispensing hydrogen inside land vehicles; automotive metal tubing for pumping, calibration, filtering, pressure regulation, chemical, thermal or mechanical protection.

Cl.7;Roof opening mechanisms for vehicles; valves, canisters, filters and modules for pumping, gauging, filtration, pressure regulation, mechanical, thermal or chemical protection.

Cl.9;On-board computers for vehicles; Registered on-board computer and calculator programs; software (recorded programs); artificial intelligence software; systems for detecting, processing, signaling and following stationary and moving objects around a vehicle; on-board electronic driving assistance systems; advanced driver assistance systems for vehicles, namely, adaptive cruise control, lane departure controls and alarm, blind spot detection controls and alarm, and controls and alarms reducing the risk of collisions and accidents; electronic control devices for vehicle driving assistance; autonomous and semi-autonomous driving control systems for vehicles; autonomous and semi-autonomous driving systems equipped with interactive displays; computer software and computer hardware for use in relation to advanced driving assistance systems; computer software and computer hardware for controlling, operating, driving and monitoring vehicles; computer software and computer hardware enabling object detection, object classification and high-definition mapping; computer software and computer hardware for data acquisition and data analysis; computer software and computer hardware for collecting and analyzing data generated by external sources and vehicle sensors; computer software and computer hardware for transmitting data in a vehicle and for communications between and among vehicles and a cloud platform; computer software and computer hardware enabling interaction and interfacing between vehicles and mobile devices; computer software for coordinating delivery, freight and transportation services by automated vehicles; gasoline gauges; electric control apparatus used in the field of mobility; simulators for controlling vehicles; electric monitoring apparatus used in the field of mobility; voltage regulators for vehicles; sensors; electromagnetic sensor for determining the speed, angle, distance, volume and nature of an object; radars and antennas integrated into vehicle body parts for parking assistance and driving assistance; wave guide for propagating electromagnetic waves; antennas for reception, antennas for transmission of images, sounds and data; transmitters of electronic signals; electronic signal receivers; light detection and ranging [LIDAR] apparatus for vehicles; road-marking detection apparatus; navigation apparatus for vehicles (on-board computers); electronic apparatus for vehicle parking assistance; electronic apparatus for detecting and warning of continuous or discontinuous line crossing for vehicles; electronic apparatus for detecting, recognizing and reading road traffic signs; battery modules; electric batteries; electric batteries for vehicles; battery packs for vehicles; fuel cells for vehicles; electric accumulators for vehicles; power supply units for vehicles [batteries]; containers for vehicle accumulators [batteries]; battery boxes for vehicles; cooling system for electric vehicle batteries; cooling plates for electric vehicle batteries; control units, sensors and actuators used to control, monitor, regulate and diagnose, on board vehicles, systems, modules and components relating to the production, storage, supply and transformation of energy, and the decontamination of vehicles; on-board computer and calculator programs and software for the control, monitoring, regulation and diagnosis, on board vehicles, of systems, modules, control units and vehicle components relating to the production, storage, supply and conversion of

energy, and the decontamination of vehicles; electric and electronic weighing, measuring and checking apparatus and instruments used in the field of mobility; apparatus and instruments for sound, image and data recording, transmission, reproduction and processing; apparatus for reading, recording, transmitting and reproducing data; electronic devices for digital display; electronic notice boards; computerized visual display units; vehicle fuses; junction boxes [electricity] for vehicle batteries; electric control devices for energy management for vehicles; apparatus for analyzing light sources for vehicles; apparatus for analyzing light intensity variation for vehicles; apparatus for analyzing light source variation for vehicles; light source sensors for vehicles; light intensity variation sensors for vehicles; light source variation sensors for vehicles; equipment for communication via Internet link or similar equipment and for data display inside a vehicle; electric, electronic or optical equipment, on board vehicles, including land vehicles, for steering, signaling, controlling, for information, safety as well as processing of information and signals (sounds, images, data) related thereto; electronic management systems for lighting and signaling and cameras; in-vehicle cameras; vehicle reversing cameras; multi-camera systems for vehicles; image processing software for on-board vehicle cameras; facial analysis software; gesture recognition software; software programmed to optimize filament winding; downloadable security software; software for network security and computer units; on-board vehicle surveillance devices and systems, for detecting and analyzing driver and passenger behaviors and emotions, and to warn them of danger and improve their driving experiences; electronic systems for controlling the filling of fuel tanks; electronic systems for controlling the filling of hydrogen tanks; electronic systems for controlling and monitoring the charging and performance of vehicle batteries; electronic systems for controlling and monitoring the charging and performance of vehicle fuel cells; electronic systems for controlling and monitoring the performance status of high-pressure hydrogen tanks; photovoltaic energy accumulators used in the field of mobility; photovoltaic cells used in the field of mobility; photovoltaic inverters used in the field of mobility; DC-DC converter, namely, electronic power circuits enabling the conversion of a direct current (DC) source of one specified voltage level to a different level; electronic system for activating lighting apparatus by electronic devices for reading, transmitting and processing data emitted by a vehicle; Chargers for electric cars; charger cover for electric cars; vehicle dashboard indicator lights; apparatus for controlling the temperature of fuel batteries and cells; temperature regulators for fuel batteries and cells; electronic system for activating heating and drying apparatus triggered by electronic devices for reading, transmitting and processing data emitted by a vehicle; energy conversion apparatus for vehicles, namely apparatus for converting chemical fluids and electrochemical components into electrical energy for vehicles, apparatus for converting electronic radiation into electrical energy for vehicles, such as hybrid thermal photovoltaic modules, hybrid thermal electric modules, batteries and fuel cells.

Cl.11;Lighting apparatus for vehicles; lighting apparatus for vehicle decoration; vehicle headlights; lights for vehicles; parking lights for vehicles; light bulbs for directional signals for vehicles; anti-glare devices for vehicles [lamp fittings]; lighting systems that are anti-dazzle for other drivers; lighting systems for automatic activation and deactivation of high beam when approaching another vehicle; lighting systems for automatic activation and deactivation of high beam when approaching a pedestrian; lighting systems for automatic activation and deactivation of high beam when approaching a lit section of road; heating apparatus for defrosting windows of vehicles; defrosters for vehicles; heaters for vehicles; demisting heating apparatus for vehicles; polymerization installations; heating polymerization units; lighting for display purposes inside and outside a vehicle; vehicle dashboard bulbs.

Cl.12;Parts of vehicles; parts and components for vehicles namely bodywork parts, bodywork component parts, bumpers, shields, hoods, tailgates, doors, fenders, fender extensions, protective panels, spoilers, roofs, trunk floor, vehicle front casing, floor, shock absorber; structural elements for motor vehicles; aerodynamic elements for vehicles, deflectors, spoilers, air guides for vehicles; grille; vehicle chassis; fuel tanks for vehicles; hydrogen tanks for vehicles; caps for vehicle gasoline tanks; components, component parts of vehicles; fuel tanks (all types of fuel) for land vehicles; vehicle dashboards.

Cl.17;Non-metal flexible tubing [parts of engines for land vehicles]; non-metal flexible tubing for dispensing hydrogen inside land vehicles; non-metal automotive flexible tubing for pumping, calibration, filtering, pressure regulation, chemical, thermal or mechanical protection.

Cl.35;Business organization consultancy; consultancy services in business management; assistance in business management and business consulting for companies; compilation of statistical reports and market studies; computer data management; collection and systematization of data in a central file; wholesale or retail services for the following products: thermal paste, paints, varnishes, lacquers, anti-rust products, colorants, dyes, printing inks, marking inks and engraving inks, oil for electric motors and engines, metal storage or transport containers, metal hydrogen tanks other than for vehicles, metal fuel tanks other than for

vehicles, industrial metal containers for vehicle battery packaging, machine tools, machines for painting, gluing, welding, punching, cutting and machining, spray guns for painting and dispensing glue, vulcanization, lifting, brazing apparatus, welding apparatus included in this class, spraying apparatus, apparatus for machining and mechanical tools for the automotive industry and for the manufacture of parts for automobiles, anti-pollution devices for motors and engines, electric, pneumatic and hydraulic devices for opening vehicle doors and windows, automatic vending machines, robots for the automobile industry and the manufacture of parts for automobiles, industrial presses for the manufacture of parts for automobiles, molds (parts of machines) for the automobile industry and for the manufacture of automobile parts, electric cleaning machines and apparatus, road sweeping machines, road-building machines, bulldozers, snow ploughs as well as rubber treads as parts of the tracks of said vehicles, 3D printers, compression molding machines, injection molding machines, extrusion molding machines, electricity generators, filament winding machines intended for use in the manufacture of hydrogen tanks, vehicle on-board computers, recorded on-board computer and calculator programs, software (recorded programs), artificial intelligence software, system for detecting, processing, signaling and monitoring static and moving objects around a vehicle, on-board electronic driver assistance systems, advanced driver assistance systems for vehicles, namely adaptive cruise control, lane tracking controls and alarm, blind-spot detection controls and alarm, and collision and accident risk reducing controls and alarm, electronic control devices for vehicle driving assistance, autonomous and semi-autonomous driving control systems for vehicles, autonomous and semi-autonomous driving systems with interactive displays, electronic apparatus intended for driving assistance, computer software and computer hardware for use in relation to advanced driver assistance systems, computer software and computer hardware for controlling, operating, driving and monitoring vehicles, computer software and computer hardware for object detection, object classification and high definition mapping, computer software and computer hardware for data acquisition and data analysis, computer software and computer hardware for collecting and analyzing data generated by external sources and vehicle sensors, computer software and computer hardware for transmitting data in a vehicle and for communications between and among vehicles and a cloud-based platform, computer software and computer hardware enabling interaction and interfacing between vehicles and mobile devices, computer software for coordinating automated vehicle delivery, freight and transport services, gasoline gauges, electric control apparatus used in the field of mobility, simulators for controlling vehicles, electric monitoring apparatus used in the field of mobility, voltage regulators for vehicles, sensors, electromagnetic sensor for determining the speed, angle, distance, volume and nature of an object, radars and antennas integrated into vehicle bodywork parts for parking assistance and driving assistance, waveguide to propagate electromagnetic waves, receiving antennas, antennas for emitting images, sound and data, electronic signal transmitters, electronic signal receivers, distance detecting and measuring apparatus (LIDAR) by light wave for vehicles, ground marking detection apparatus, navigation apparatus for vehicles (on-board computers), electronic apparatus for vehicle parking assistance, electronic apparatus for detecting and warning of the crossing of solid or broken road marking lines for vehicles, electronic apparatus for detecting, recognizing and reading road traffic signs, battery modules, electric batteries, electric batteries for vehicles, battery packs for vehicles, fuel cells for vehicles, electric accumulators for vehicles, power supply units for vehicles (batteries), containers for vehicle accumulators (batteries), accumulator boxes for vehicles, cooling system for electric vehicle batteries, cooling plates for electric vehicle batteries, control units, sensors and actuators used to control, monitor, regulate and diagnose vehicle on-board systems, modules and components relating to the production, storage, supply and conversion of energy, as well as pollution control of vehicles, on-board computer and calculator programs and software for controlling, monitoring, regulating and diagnosing vehicle on-board systems, modules, control unit and vehicle components relating to the production, storage, supply and conversion of energy as well as pollution control of vehicles, electric and electronic apparatus and instruments for weighing, measuring and control used in the field of mobility, apparatus and instruments for recording, transmitting, reproducing and processing sound, images and data, apparatus for reading, recording, transmitting and reproducing data, electronic digital display devices, electronic notice boards, computerized visual display units, vehicle fuses, junction boxes (electricity) for vehicle batteries, electric control devices for energy management for vehicles, apparatus for analyzing light sources for vehicles, apparatus for analyzing light intensity variation for vehicles, apparatus for analyzing light source variation for vehicles, light source sensors for vehicles, light intensity variation sensors for vehicles, light source variation sensors for vehicles, equipment for communication via Internet link or similar equipment and data display inside vehicles, electric, electronic or optical equipment, on board vehicles, including land vehicles, for driving, signaling, controlling, information, safety as well as processing information and signals (sounds, images, data) relating thereto, electronic management system for lighting and signaling and cameras, vehicle on-board cameras,

rearview cameras for vehicles, multi-camera systems for vehicles, image processing software for vehicle on-board cameras, facial analysis software, gesture recognition software, software programmed to optimize filament winding, downloadable computer security software, software for the security of computer networks and units, vehicle on-board surveillance devices and systems, for detecting and analyzing driver and passenger behavior and emotions, and to alert them to danger and improve their driving experiences, electronic systems for controlling fuel tank filling, electronic systems for controlling hydrogen tank filling, electronic systems for controlling and monitoring vehicle battery charging and performance, electronic systems for controlling and monitoring the charging and performance of vehicle fuel cells, electronic systems for controlling and monitoring the performance status of high-pressure hydrogen tanks, photovoltaic energy accumulators used in the field of mobility, photovoltaic cells used in the field of mobility, photovoltaic inverters used in the field of mobility, DC-DC converter, namely electronic power circuit for converting a direct current (DC) source of one specific voltage level to a different one, lighting apparatus activation system by electronic devices for reading, transmitting and processing data emitted by a vehicle, chargers for electric cars, charger covers for electric cars, vehicle on-board dashboard lamps, apparatus for controlling the temperature of batteries and fuel cells, temperature regulators for batteries and fuel cells, lighting apparatus for vehicles, lighting apparatus for vehicle decoration, vehicle headlights, lights for vehicles, running lights for vehicles, directional indicator light bulbs for vehicles, anti-glare devices for vehicles (lamp fittings), anti-glare lighting systems for other drivers, lighting systems for automatically activating and deactivating high-beam headlights when approaching another vehicle, lighting systems for automatically activating and deactivating high-beam headlights when approaching a pedestrian, lighting systems for automatically activating and deactivating high-beam headlights when approaching a lit section of road, heating apparatus for defrosting vehicle windows, defrosters for vehicles, heating installations for vehicles, heating devices for demisting vehicles, polymerization installations, heating polymerization units, activation system for lighting, heating and drying apparatus triggered by electronic devices for reading, transmitting and processing data emitted by a vehicle, lighting for display purposes inside and outside a vehicle, vehicle dashboard light bulbs, vehicles, apparatus for locomotion by land air or water, motor vehicles, motorcycles, vans, trucks, electric motor vehicles, hybrid car, all-terrain vehicles, buses, heavy-duty utility vehicles, tramway car, trains, airplanes, helicopters, rotorcraft, aircraft, airships, drones, boats, ships, seaplanes, component parts of vehicles, parts and components for vehicles namely bodywork parts, component parts of bodywork, bumpers, shields, hoods, tailgates, doors, fenders, fender extensions, protective panels, spoilers, roofs, trunk floor, automobile frunk, floor, shock absorber, vehicle modules, roof opening mechanisms for vehicles, structural elements for motor vehicles, aerodynamic elements for vehicles, deflector, spoiler, air guide for vehicles, radiator grille, vehicle chassis, fuel tanks for vehicles, hydrogen tanks for vehicles, caps for vehicle gas tanks, vehicle components, component parts, systems, control unit and modules for vehicles included in this class, vehicle components, component parts, vehicle systems, control unit and modules included in this class namely all parts connected with the production, storage, supply and conversion of all forms of energy on board vehicles, as well as pollution control, tanks, tubing, valves, canisters, filters and modules for pumping, gauging, filtering, pressure regulation, mechanical, thermal or chemical protection, energy conversion apparatus for vehicles, vehicle dashboards, pyrophoric substances, pyrotechnics, pyrophoric substances, pyrotechnics, dielectrics (insulators), non-metal tubes for distributing coolants in batteries, non-metal tubes for distributing hydrogen, water, air and coolants in fuel cells, tanks, not made of metal nor of masonry, non-metal hydrogen tanks, non-metal fuel tanks other than for vehicles.

Cl.37;Vehicle maintenance; vehicle lubrication [greasing]; Installing exterior, interior and mechanical parts of vehicles for personalization purposes [tuning]; vehicle washing; vehicle cleaning; vehicle polishing; repair services in the case of vehicle breakdown; anti-rust treatment for vehicles; charging of vehicle batteries; electric vehicle charging; Maintenance, installation and replacement of vehicle component parts, parts and components for vehicles namely bodywork parts, bodywork component parts, bumpers, shields, hoods, tailgates, doors, fenders, fender extensions, protective panels, spoilers, roofs, trunk floor, vehicle front casing, floor, shock absorber, vehicle modules, roof opening mechanisms for vehicles, structural elements for motor vehicles, aerodynamic elements for vehicles, deflector, spoiler, air guide for vehicles, radiator grille, vehicle chassis, fuel tanks for vehicles, hydrogen tanks for vehicles, caps for vehicle gas tanks, components, component parts of vehicles, vehicle control unit systems and modules, components, component parts of vehicles, systems, vehicle control units and modules namely all parts relating to the production, storage, supply and conversion of all forms of energy on board vehicles, as well as pollution control, tanks, tubing, valves, canisters, filters and modules for pumping, gauging, filtering, pressure regulation, mechanical, thermal or chemical protection, fuel cells for vehicles, electric batteries for vehicles, battery packs for vehicles, energy conversion apparatus for vehicles; maintenance, installation and replacement

of lighting apparatus for vehicles, vehicle headlights, lights for vehicles, running lights for vehicles, directional signal light bulbs for vehicles, anti-glare devices for vehicles [lamp fittings], heating devices for defrosting vehicle windows, defrosters for vehicles, heating installations for vehicles, demister heating devices for vehicles, heated polymerization unit installations.

Cl.38;Telecommunications; communications by computer terminals; providing access to databases; electronic transmission of data related to land vehicles; rental of telecommunication equipment; telecommunications services for radio location and identification of land vehicles; radio, telephone communications; message transmission; providing private access to computer databases.

Cl.40;Treatment of plastics, metals, composite materials; recycling services for plastic materials; printing services; 3D printing to order for third parties; die casting services; die-casting of metals; molding of synthetic products; engraving; laser engraving; polymerization; custom manufacture of automobiles and automobile parts; recycling end-of-life fuel batteries and cells.

Cl.42;Technical design; technical advice for the automobile industry; work planning (engineers' services) and technical project planning; technical advice services with respect to environmental protection; industrial analysis services; industrial analysis and consultation services with respect to environmental protection and conservation; scientific and technological information and technical advice services in connection with environmental awareness; design, updating and rental of software and databases; design, development and updating of artificial intelligence software; research and development of new products for third parties; technical research and development; research and development in mechanics; research and development in physics; research and development in chemistry, bio-chemistry and electrochemistry; advice with respect to energy saving; research and development relating to environmental protection; testing of materials; research and development of systems, modules, components, computer programs and software for vehicles; research and development in the field of reducing vehicle weight and emissions; research and development of sensors, particularly electromagnetic sensors for determining the speed, angle, distance, volume and nature of an object; research and development of radars and antennas integrated into vehicle body parts for parking assistance and driving assistance; research and development of actuators, and control units; research and development of tooling and production lines for the automotive industry; research and development of vehicle dashboard indicators; research and development of temperature control apparatus for fuel batteries and cells; research and development of temperature regulators for fuel batteries and cells; technical advice on product development, manufacturing devices, control devices, monitoring of fuel systems; technical advice in connection with controlling the procedure for filling fuel system tanks, measuring fuel system and vehicle emissions as well as spare parts of the fuel system; research and development of vehicle component parts, parts and components for vehicles namely bodywork parts, bodywork component parts, bumpers, shields, hoods, tailgates, doors, fenders, fender extensions, protective panels, spoilers, roofs, trunk floor, vehicle front casing, floor, shock absorbers, vehicle modules, roof opening mechanisms for vehicles, structural elements for motor vehicles, aerodynamic elements for vehicles, deflector, spoiler, air guide for vehicles, radiator grille, vehicle chassis, fuel tanks for vehicles, hydrogen tanks for vehicles, caps for vehicle gas tanks, vehicle dashboards; research and development of vehicle components, component parts, systems, control units and modules; research and development of components, component parts of vehicles, systems, vehicle control unit and modules namely all parts relating to the production, storage, supply and conversion of all forms of energy on board vehicles, as well as pollution control; research and development of tanks, tubing, valves, canisters, filters and modules for pumping, gauging, filtering, pressure regulation, mechanical, thermal or chemical protection; research and development of fuel cells for vehicles, electric batteries for vehicles, battery packs for vehicles, battery modules and electric batteries; research and development of energy conversion apparatus for vehicles; research and development of lighting apparatus for vehicles, lighting apparatus for vehicle decoration, vehicle headlights, lights for vehicles, running lights for vehicles, directional signal light bulbs for vehicles, anti-glare devices for vehicles [lamp fittings], anti-glare lighting systems for other drivers, lighting systems for automatically activating and deactivating high beam when approaching another vehicle, lighting systems for automatically activating and deactivating high beam when approaching a pedestrian, lighting systems for automatically activating and deactivating high beam when approaching a lit section of road, heating apparatus for defrosting vehicle windows, defrosters for vehicles, heating installations for vehicles, anti-fog heating devices for vehicles, polymerization installations, heating polymerization units, activation system for lighting, heating and drying apparatus triggered by electronic devices for reading, transmitting and processing data emitted by a vehicle, lighting for display purposes inside and outside a vehicle, dashboard bulbs for vehicles; designing, developing and engineering advanced driver assistance systems.

semi-automated driving systems and automated driving systems; technical research in the fields of advanced driver assistance systems, semi-automated driving systems and automated driving systems; research and development of cameras for vehicles, electronic management system for lighting and signaling and cameras, vehicle on-board cameras, rearview cameras for vehicles, multi-camera systems for vehicles; design, updating and development of image processing software for in-vehicle cameras; design, updating and development of energy management software for vehicles; design, development and updating of facial analysis software; design, development and updating of gesture recognition software; design, development and updating of programmed software for optimizing filament winding; information security services [firewalls]; design, development and updating of downloadable computer security software; design, development and updating of software for the security of computer networks and units; design, development and development of Internet security programs; research and development of vehicle on-board monitoring systems and devices for detecting and analyzing driver and passenger behaviors and emotions, and to warn them of danger and improve their driving experiences; research and development of electronic systems for controlling fuel tank filling; research and development of electronic systems for controlling hydrogen tank filling; research and development of electronic systems for controlling and monitoring vehicle battery charge and performance; research and development of electronic systems for controlling and monitoring vehicle fuel cell charge and performance; research and development of electronic systems for controlling and monitoring the health status of high-pressure hydrogen tanks; updating software via OTA (over-the-air) technology; designing and developing photovoltaic systems used in the field of mobility; research and development of DC-DC converters, namely, an electronic power circuit enabling the conversion of a direct current (DC) source of one specified voltage level to a different level; research and development of filament winding machines intended for use in the manufacture of hydrogen tanks.

Proposed to be Used

IR DIVISION

Cl.9;Downloadable computer software for use as a cryptocurrency wallet; downloadable computer software development tools.

Cl.36;Incubation services, namely, providing financing and rental of office space to businesses and blockchain projects and freelancers, start-ups, existing businesses and non-profits in connection with the formation and launch of decentralized finance software development; providing grants for decentralized finance research, decentralized finance and blockchain software development.

Cl.41;Education services, namely, providing classes and workshops for software development in the field of decentralized finance and blockchain.

Cl.42;Providing on-line non-downloadable computer software for use as a cryptocurrency wallet; collaborative computer programming for others in the nature of hackathons; providing temporary use of on-line non-downloadable software development tools; security services for blockchain projects, namely, data security consultancy services.
